NEW BUSINESS:

1. Pre-Storm Preparations – Keith Heinly, United Way of Brevard.

Mr. Heinly said that United Way had significant disaster related responsibilities in the event of the storm. The team members worked at the Emergency Operations Center (EOC) assisting 2-1-1 with answering hotline calls. They were also actively involved at the request of the EOC staff in coordinating potential water distribution as well as coordinating, recruiting and placing volunteers to help with many aspects of disaster response. Mr. Heinly further explained how United Way assisted during disasters and the current pandemic. He said that, typically, shelters would be available, but due to COVID-19, additional shelters had to be opened in order to provide more space. He answered questions posed by board members.

Ms. Valcin-Bowes asked how students could develop a team and would they receive community hours for same. Mr. Heinly answered that developing a team was easy, but other requirements such as proper training, liability insurance, and background checks had to be done. He preferred that unaffiliated groups join teams that were already established due to volunteer liability reasons. He provided information on training and contacts for same.

2. Cool Cops – Chief Nelson Moya, Palm Bay Police Department; Elena Little, Club Esteem.

Chief Moya and Ms. Little were unable to attend the meeting. Deputy Mayor Johnson explained that pursuant to the Board's direction, the City launched the Cool Cops Program in collaboration with Club Esteem. It was a mentoring program in which police officers met with youth in the community every Friday, connecting and fostering relationships, and encouraging the teens to seek employment in law enforcement.

3. Consideration of scheduling meetings dates/times for the board.

Mrs. Jones suggested the 3rd Monday or Tuesday of each month. She would send an email to the board members to confirm same.

City staff supported the program and would coordinate with the Florida Power and Light for approval to utilize light poles. He proposed that the YAB

be the driving force in recommending the program to City Council. It would be presented to Council at its meeting on July 16, 2020. Mr. Stokes requested feedback from the Board and approve moving forward to City Council for final consideration.
