May 29, 2025

The Honorable Mayor, Deputy Mayor,  
Members of the City Council,  
Citizens of the City of Palm Bay  
Palm Bay, Florida

We are pleased to submit the Annual Comprehensive Financial Report of the City of Palm Bay, Florida, for the fiscal year ended September 30, 2024. The purpose of this report is to provide City Council, citizens, financial institutions, and others with detailed information concerning the financial condition and performance of the City of Palm Bay. This report is submitted pursuant to Florida Statutes Section 218.39, Chapter 10.550 of the Rules of the Auditor General of the State of Florida, and Section 4.05 of the City Charter.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe that the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

This report consists of management's representations concerning the finances of the City of Palm Bay. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile enough reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

As required by Florida Statutes and the City Charter, an audit of the City's Annual Comprehensive Financial Report was performed by Forvis Mazars, LLP, a firm of licensed, independent certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Palm Bay for the fiscal year ended September 30, 2024, are free of material misstatement. The audit involved examining on a test basis, evidence regarding the amounts and disclosures in the financial statements, evaluating the appropriateness of the accounting principles

used and the reasonableness of significant accounting estimates made by management and evaluating the overall financial statement presentation.

The independent auditor concluded, based on the audit, that the City's financial statements for the fiscal year ended September 30, 2024, are fairly stated in conformity with GAAP. This is the most favorable conclusion and is commonly known as an unmodified or "clean" opinion. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Palm Bay was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal and state awards. The reports are included in the Compliance Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Palm Bay's MD&A can be found immediately following the report of the independent auditors.

### **PROFILE OF THE CITY OF PALM BAY**

The City of Palm Bay was incorporated in 1960 with a population of 2,808. Palm Bay is now the largest city in Brevard County, the 2<sup>nd</sup> largest in Central Florida and the 15<sup>th</sup> largest in Florida, with more than 142,359 residents in 88 square miles. The City is located centrally on Florida's east coast, midway between Jacksonville and Miami. Port Canaveral and Kennedy Space Center, the nation's premiere spaceport, are nearby.

The City operates under the Council-Manager form of government. The governing body of the City is the City Council, which formulates policies for the administration of the City. The City Council is comprised of a Mayor and four Council Members elected at-large for four-year terms. The City Council appoints the City Manager, who serves as the City's Chief Executive Officer and is responsible for the day-to-day administration of the City and the implementation of the policies established by the City Council.

The City provides a full range of government services as directed by its charter including police and fire protection, road construction and maintenance, planning and development services, parks and recreation, water and sewer services, and other traditional support services. Although legally separate, because of its relationship to the City, the Bayfront Community Redevelopment Agency (BCRA) is reported as though it is part of the City.

(blended presentation). Additional information on this legally separate entity can be found in the notes to the financial statements.

The City of Palm Bay is required to adopt an annual budget in accordance with the City Charter and Florida statutes. The annual budget serves as the foundation for the City's financial planning and control. The City Manager is charged with preparing a proposed budget for submission to City Council. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget by September 30, the close of the City's fiscal year. The appropriated budget is adopted by fund and departments.

### **ECONOMIC CONDITION AND OUTLOOK**

The City of Palm Bay experienced strong growth in new single-family infill, subdivisions, multi-family development, and commercial redevelopment in 2024. This growth pattern is anticipated to continue into the near future. The City's increased efforts to foster a more open-for-business environment should result in new job-creating development and redevelopment of key commercial corridors.

Home values in Palm Bay has appeared to of leveled off compared to last year. Single-family homes' taxable values have stabilized as reported by the Brevard County Property Appraiser's assessed values. In 2024, Palm Bay average single-family home values decreased by 1.5 percent compared to 2023.

The City of Palm Bay's taxable assessed value for tax year 2024 increased by 15% from 2023. New construction, which represents improvement to real property that was not on the tax roll in the prior year, added \$691,747,467 to the tax roll. This is the tenth year in a row that the assessed valuations have shown steady growth.

Over the past fiscal year, the City of Palm Bay's commercial growth has been strong. New commercial development projects planned and underway point to favorable prospects for continued growth in the City's tax base.

As of September 2024, the city has completed paving 440 miles or 56% of the 791 miles of roadway as part of the Road Bond Paving.

A 2016 voter-approved city charter amendment limits City Council's ability to increase millage rates. The City Council is restricted from setting millage rates at a level that would result in total ad valorem revenue growth exceeding the prior year ad valorem revenue by more than three percent, unless approved by a supermajority vote when an emergency or critical need exists. In November 2022, citizens re-affirmed the three percent cap. Even with this change, rate increases within the statutory limit remain in the city's independent legal control. For the FY 25 budget, Council did impose the three percent cap, while lowering the millage rate from 7.0171 to 6.7339.

## **LONG-TERM FINANCIAL PLANNING**

Financial planning stimulates discussion about the long-term impact of decisions made today and how the City can position itself strategically to deliver a stable level of essential services to our residents over time. In fiscal year 2023, the City received an upgrade to the City's Long-Term Rating to an AA-/Stable rating.

## **FINANCIAL POLICIES**

The City continues to exceed its policy to maintain the unrestricted fund balance for the General Fund equivalent to a minimum of a 2-month annual expense of the subsequent fiscal year's budgeted expenditures less capital outlay and transfers out as adopted by ordinance. Additionally, the City Council approved a stabilization fund of 4% for emergency use. The minimum required unrestricted fund balance at the end of FY 2024 was \$15,434,236, plus \$1,987,619 for the City's stabilization fund. The actual Fund Balance was \$55,401,752, of which \$39,975,592 was Unassigned. The City's investment policy strives to protect capital first and foremost, while providing for daily cash needs and then investment earnings. The City's portfolio on September 30, 2024, was \$435,081,792 million, excluding investments of the fiduciary funds.

## **FY 2024 MAJOR INITIATIVES**

### Department Initiatives

The Building Department continually enhances its 100% paper-free online permit program with Intuitive Municipal Solutions (iMS) and has introduced e-Permit Hub to the program. This new feature allows for online digital plan reviews. The new feature will go live in March 2025. The Internship Program currently has 4 Plans Examiners, and 1 Inspector enrolled in the fields of Electrical, Plumbing, and Mechanical. The department has completed its transition of front-line vehicles on the road daily to 1 electric F-150, 2 Ford Explorer hybrids, 1 Ford Escape hybrid, and 17 Ford Maverick hybrids.

The Community & Economic Development Department has focused on encouraging redevelopment of key commercial corridors throughout the City awarding approximately \$48,257 in Commercial Property Enhancement Program grant funds to five (5) Palm Bay businesses, leveraging private investment and providing for improvements to the commercial frontage of local small businesses. As part of the quarterly Mayor's Business Spotlight, the City recognized Trattoria Bella, Amazing Glaze, Goff Orthodontics, and Marc's Auto. In April 2024, Palm Bay City Council adopted an addendum to the City of Palm Bay's Economic Development Strategic Plan providing an existing land use analysis report for an area of the Palm Bay known as 'the compound'. This analysis was conducted by the East Central Florida Regional Planning Council (ECFRPC) through a Memorandum of Understanding (MOU) and provided an analysis of land use characteristics of all properties located within the study area and an in-depth review of

prospective uses for the area including ecotourism, recreation, and manufacturing, among others. The Department continues to administer the City's Ad Valorem Tax (AVT) Abatement Program and Building Permit Fee Reduction Program for eligible commercial properties and affordable housing projects. The Department continues to administer the City's various State and Federal housing and community development entitlement grants providing continued support to non-profit public service agencies and public infrastructure improvement projects serving the City's low- and moderate-income population. Finally, the Department now houses a Veteran Services Officer, a contracted employee of the Veterans Administration located in Palm Bay City Hall to provide assistance to veterans. The department administers City's opioid settlement proceeds, awarding funding to public service agencies providing education, treatment, and prevention for Palm Bay residents and families impacted by opioid use disorder.

The Parks and Facilities Department has made significant investments in maintaining and updating existing City facilities and parks. A sampling of projects includes the replacement of the water chillers that service Police Headquarters and City Hall Annex, exterior renovations to Bill Madden Parks Restrooms, Castaway Restroom Renovations, completed design to improve electrical infrastructure at Fred Poppe Regional Park, elevator modification to improve safety, a new playground at West Pines Parks, and Veterans Park restroom and practice field renovations.

The Fire Rescue department created an Emergency Management Division to oversee and improve the City's overall emergency readiness. New Radios for the entire fire department have been purchased and placed in-service as required by the state mandate in preparation to operate on a digital platform prior to the deadline. The department purchased E-Hydraulic tools, and every frontline apparatus has a state-of-the-art set of battery operated "Jaws of Life".

Growth Management completed updates to the Land Development Code (LDC) aligning the changes with the guiding Goals, Objectives, and Policies of the City's Comprehensive Plan 2045. The updated LDC included making improvements to the City's website and iMS online application portal that assists streamlining processes for developers and residents and fostering interdepartmental cooperation. The department restructured existing positions creating a Code Officer 1 and Senior Planning Specialist for internal promotion opportunities. In addition, the department added a new FTE position – Engineer 1/Floodplain Manager, filled five Land Development positions and three Code Compliance positions. While Code Compliance redesigned office units to maximize performance of staff, Land Development created three new office spaces. This cooperative effort has shown measurable results:

- 129 Public Hearings (FLU, rezoning, code amendments, subdivisions, conditional uses, annexations, development agreements)
- 161 Administrative Reviews (site plans, RTAP, plats, variances, model homes)

- 7,486 Other (misc. structures, pre-app meetings, zoning reviews on building permits and business tax receipts, zoning verification letters)

The Human Resources Department is 100% Mental Health First Aid certified. All members of the Human Resources Department completed the Adult Mental Health First Aid certification program to receive their certification. The Health and Wellness Program was recently recognized as Cigna awarded the City of Palm Bay the GOLD Level Healthy Workforce Designation for 2024. The department established a dedicated team for Phase I of the City's new ERP System, focusing on business practice changes, data conversion, testing, and implementation of multiple modules, including HCM, Benefits, Talent, Absence Management, Time Tracking, and Compensation. This work is paving the way for a go-live date set for July 2025, with the new system—Workday.

The Information Technology Department implemented a Chatbot on the City's public-facing website. This initiative leverages AI (Artificial Intelligence) to provide real-time response regarding City services. The Chatbot can respond in 71 languages, which ensures visitors can communicate in their native language. The City continues to invest in innovative ways to provide residents, contractors, and visitors with a rich user experience when navigating the City's website.

The Police Department has enhanced its operational capabilities and support systems for both its personnel and the community it serves. In 2024, our impact in public safety has been to continue to increase awareness through community engagement and officer accountability through technology and outreach. The emphasis on body cameras and Red Speed School enforcement seems like a great way to enhance transparency and safety, especially for children. The launch of the Real Time Crime Center is also a major achievement, as it has strengthened the department's ability to respond quickly and effectively to emerging situations. Combined with the investment in the SWAT Truck and the summer program for underprivileged children, these initiatives show a commitment to both tactical preparedness and community enrichment.

The Procurement Department fully integrated the e-procurement software Bonfire for all its procurement requests. The application now serves as the central hub for managing the City's contracts, Certificate of Insurance (COI) tracking, and solicitations, streamlining processes for both City departments and vendors. To enhance vendor engagement and access, the Department hosted a Vendor Engagement Fair, which attracted 95 local and Palm Bay businesses interested in learning how to do business with the City.

Public Works completed numerous stormwater pipe replacement projects occurring in advance of the road program work. Box culverts were installed at Harper Blvd, Weldon Street and Rockabye Avenue. The pipelining program was continued, adding decades of life to existing lot lines and culvert pipes throughout the City. Seven baffle boxes were installed in various locations to reduce pollutant discharges into the Indian River Lagoon. Public Works met the requirements for the NPDES Permit, including the maintenance of our MS4 Systems. The GO Bond project has completed 440 miles or 56%

of roadways within the city. The Malabar Road Widening Project Development and Environment (PD&E) Study is complete, and a public hearing was hosted in November. Public Works installed a sidewalk along Nesbitt Street to benefit students attending the recently opened Pineapple Cove Academy.

The Recreation Department revitalized community engagement through a diverse and engaging calendar of programs and events, emphasizing inclusivity, active lifestyles, and cultural appreciation. Signature events such as the monthly concerts returned, providing regular entertainment for residents, while the Fall Fest, Veterans Day Parade, and Celebration, and Holiday Light Parade along a three-mile stretch of Malabar Road drew substantial crowds, reinforcing strong community participation. To promote health, wellness, and active lifestyles, the department hosted two golf tournaments, fifteen free Movies in the Park, and two 5K races, providing opportunities for residents to engage in recreational activities. Seasonal day camps at community centers continued to serve children and families, and the introduction of a new pickleball program, featuring monthly mixers, leagues, and youth initiatives, capitalized on the sport's growing popularity.

The Utilities Department continues to manage multiple significant projects to meet the water, and sewer demands of both existing and future customers. At the South Regional Campus, construction continues on the new South Regional Water Reclamation Facility (SRWRF) and the expansion of the South Regional Water Treatment Plant (SRWTP), both of which have experienced pandemic-related delays. At the North Regional Campus, the design for the expansion of the North Regional Water Treatment Plant is underway. In addition to infrastructure projects, the Utilities Department has made progress in regulatory compliance and monitoring efforts. The initial set of data for the Lead and Copper Rule Revisions (LCRR) service line material inventory was submitted. Required samples for the Unregulated Contaminant Monitoring Rule 5 (UCMR5) were completed, and sampling for PFAS chemicals has begun. Furthermore, claim forms were submitted for the Aqueous Film-Forming Foam (AFFF) Products Liability Litigation (MDL 2873).

## **FUTURE PROJECTS**

The City continues to move forward with the construction of Building “E” on the City Hall Complex grounds. The building will be 3 stories and approximately 39,000 sq ft. The additional space will be used to meet the space needs of the Building, Utilities, and Information Technology Departments.

The Building Department is planning on moving into the new Building “E”. This will allow the department to move back to the City Hall complex from a strip center across the street. The Community & Economic Development will continue to administer the City's CDBG, HOME, and SHIP entitlement funds, supporting both existing and new affordable housing. It will also oversee opioid settlement proceeds and lead economic development programs and initiatives that promote commercial and industrial growth, attract private capital investment, and create jobs. Additionally, the Department continues to coordinate with internal and external resource partners to pursue grant opportunities for critical

infrastructure that supports economic growth and quality of life. In 2025, it will continue working with the East Central Florida Regional Planning Council on two U.S. Environmental Protection Agency grant awards, a technical assistance project focused on 'the compound', and a Brownfields Assessment Grant for the environmental testing of critical parcels in Palm Bay.

Parks and Facilities projects include shoreline revetment and improvements at Castaways Point and Stearns Park, new basketball and tennis/ pickleball court surfaces at Liberty Park and Fred Lee Park, boardwalk replacements at Castaways and Goode Park, and renovations at Sacrifice Park. Additional projects include the Police Department roof replacement, elevator modernization at Building "B" and Police Headquarters, Fred Poppe Park Playground replacement, and a new generator at Public Works Building D to support emergency operations.

The Fire Department is in the process of building Fire Station 7, expected to be complete in Fall 2025. Fire Station 7 serves as a prototype for future stations, helping streamline design, reduce costs, and save time. Temporary Fire Station 9, which is going in the SE part of the city, will be completed later this fiscal year. Fire Station 8, planned for northwest Palm Bay near St. Johns Heritage Parkway and Malabar Road, is in the design phase.

Growth Management continues to work on process improvement initiatives, including Pre-Application Meetings, Concurrency/Level of Service indicators for all development applications, site work inspections, Phase 2 Land Development Code updates, and integrating the Digital Plan Room with iMS. Code Compliance continues to educate residents on City ordinances and supports the City Attorney's Office by identifying nuisance and foreclosed properties. The Department also invests in staff development through budgeted training, seminars, and mentoring.

The Human Resources Department plans to launch the HR portion of Workday and complete all necessary training certifications, required security measures, and develop policies to transition from name-based to FDLE and FBI fingerprint-based criminal background checks at both the local and national levels. Additionally, new leadership training will be introduced for all levels of supervisors and managers to strengthen team management and leadership skills.

The Information Technology Department is planning on systematically moving the department over to the new Building "E" and launching Phase II of the ERP system that includes Finance and Procurement.

The Police Department remains proactive in meeting the demands of Palm Bay's rapid growth, with a continued focus on increasing staffing, especially in the Southeast and Northwest sectors, to ensure effective and responsive public safety. The division of the South District into Southeast and Southwest areas will allow for more targeted resource deployment based on regional needs.

To better serve the community, the City and Police Department should begin planning for a new headquarters. The current facility is outdated and no longer meets the operational, technological, or space requirements of a modern law enforcement agency. A new building would support future growth, improve efficiency, and enhance public safety services. Key projects like the Police Range and the development of a multipurpose training center reflect the department's commitment to advanced training and evolving policing practices. As law enforcement tools and tactics continue to evolve, modern facilities are essential for maintaining readiness and community safety.

The Procurement Department is focused on establishing accessible consultant contracts for City use, successfully soliciting a library for multiple disciplines, and a Construction Manager at Risk library, which will be awarded soon.

Public Works has completed all of Phases 1, 2, and 3 of the road bond projects. The remaining Phase 4 projects are scheduled to go out to bid in FY 25. A maintenance plan is in place to extend the life of newly paved roads. Stormwater crews will continue installing pipes ahead of Phase 4 paving and are also lining failing pipes citywide to extend their service life. Construction is underway at the Babcock Street at St. Johns Heritage Parkway intersection to add turn lanes and mast arm traffic signals, with completion expected by April. Stormwater Utility funds will support the spin casting repair of the drainage structures under Malabar Road. Engineering design is underway for the widening of St. Johns Heritage Parkway from Malabar Road to North of Emerson Drive using State allocated funding along with Transportation Impact Funding. We anticipate receiving Federal funds from the Local Agency Program through the Florida Department of Transportation to design the widening of Malabar Road from Minton to St. Johns Heritage Parkway. Public Works will use CDBG funding to construct a sidewalk on Eldron Blvd from Diane Avenue to San Filippo Drive enhancing pedestrian safety in the southeast. Additionally, Florida Department of Environmental Protection grant funding will support the installation of more Nutrient Separating Baffle Boxes to reduce pollutants in the Indian River Lagoon. Over the next five years, stormwater utility and grant funds will also support water quality improvements outlined in the Turkey Creek Restoration Feasibility Study.

The Recreation Department remains committed to expanding and enhancing recreational programs to meet the evolving needs of the community. The department will continue to diversify its programming across community centers, the aquatic center, and city parks, ensuring that residents of all ages have access to quality recreational opportunities. Plans for FY 2025 include the introduction of new family-oriented events, such as semi-formal dances, designed to offer unique social and recreational experiences. Additionally, enhancements to the city's day camp programs will be implemented to provide a more enriching and structured experience for participants. A key focus for the upcoming year will be strengthening private-public partnerships to support expanded programming, sponsorship opportunities, and additional resources for community initiatives. Increased staff training initiatives will also be prioritized to ensure that personnel remain equipped

with the latest skills and certifications to enhance program delivery. Furthermore, the department will work closely with the Parks and Facilities Department to explore recreational facility upgrades. By maintaining a strong commitment to program innovation, community engagement, and accessibility, the Recreation Department aims to elevate Palm Bay's quality of life and ensure sustainable growth in recreational opportunities for all residents.

The Utilities Department will continue to focus on major construction activities throughout FY25. The South Regional Water Treatment Plant expansion from 6.0 MGD to 8.0 MGD has been designed and is currently out to bid, with construction expected to be completed by the end of 2026. The expansion of the South Regional Water Reclamation Facility from 1.0 MG to 2.0 MG is in the design phase. Various rehabilitation and repair projects are also planned or underway to ensure the department can continue to meet the needs of existing and future customers. At the North Regional Campus, the North Regional Water Treatment Reverse Osmosis Plant is currently in design, and efforts are underway to secure a Construction Manager at Risk contractor. The first phase of this project will provide a capacity of 3.3 MGD, with construction expected to be completed in 2027. The Utilities Department has been working closely with the Florida Department of Environmental Protection to ensure compliance with the requirements of FDEP's Final Order in OGC Case No. 23-0112 to 0135. As a result of this collaboration, a new permit has been issued, confirming that no significant upgrades will be required at the North Regional Wastewater Treatment Plant. However, increased targets have been established for the North Regional Water Reclamation Facility, which will need to be addressed.

Although the City's Basin Management Action Plan obligations may still create financial impacts, such as sewer mainline extensions, targeted wastewater treatment plant modifications, and major private septic upgrades, efforts will remain closely coordinated with the appropriate agencies to ensure compliance and successful implementation.

### **AWARDS**

The Government Finance Officers Association of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Palm Bay for its Annual Financial Report for the fiscal year ended September 30, 2023. This was the 39th consecutive year that the City has achieved this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

The Government Finance Officers Association of the United States and Canada presented an award for Distinguished Budget Presentation to the City of Palm Bay for its annual budget for the fiscal year beginning October 1, 2023, for the 35th year. To receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

### **ACKNOWLEDGEMENTS**

The preparation of this report has been accomplished with the efficient and dedicated service of the City's Finance and Accounting staff. I would like to express my appreciation to all members of the Finance Department staff, as well as other staff members who contributed to its preparation. I would also like to thank the Mayor and City Council for their continued support of City staff as we work to build a strong foundation to achieve our City's mission to provide quality services, promote economic growth, and ensure a safe and secure environment for Palm Bay residents and the public.

Respectfully submitted,

UTILITIES DIRECTOR	GABRIEL BOWDEN

## **Independent Auditor's Report**

Honorable Mayor and City Council  
City of Palm Bay, Florida

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Palm Bay, Florida (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Police and Firefighters' Retirement System, which represent 73%, 76%, and 49% of the assets, net position, and revenues of the aggregate remaining fund information as of September 30, 2024. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Police and Firefighters' Retirement System, are based solely on the report of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during that audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the budgetary comparison schedules, pension schedules, and OPEB schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and schedule of expenditures of federal awards and state financial assistance as required by Title 2, *U.S. Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Chapter 10.550, *Rules of the Auditor General* are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 29, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**Forvis Mazars, LLP**

Orlando, Florida  
May 29, 2025

The City of Palm Bay, Florida's (the "City") Management's Discussion and Analysis (the "MD&A") presents this overview and analysis of the City's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the letter of transmittal in the introductory section, and the City's financial statements following the MD&A.

### ***Financial Highlights***

On September 30, 2024, assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2024 by \$481.8 million (net position).

- Governmental funds reported combined ending fund balances of \$234.1 million, as compared to \$212.1 million as of September 30, 2023.
- General Fund reported an *unassigned* balance of \$40.0 million or 42.9% of the total 2024 General Fund expenditures and transfers out.
- Outstanding long-term debt decreased by \$9.35 million during fiscal year 2024. This was primarily due to a reduction in Utility series 2001 bonds and utilities series 2016 note.
- The City's business-type activities reported total net position of \$290.6 million, which is an increase of \$32.7 million in comparison to the prior year. Approximately 19.3% of the total, or \$56.9 million, is *unrestricted*.

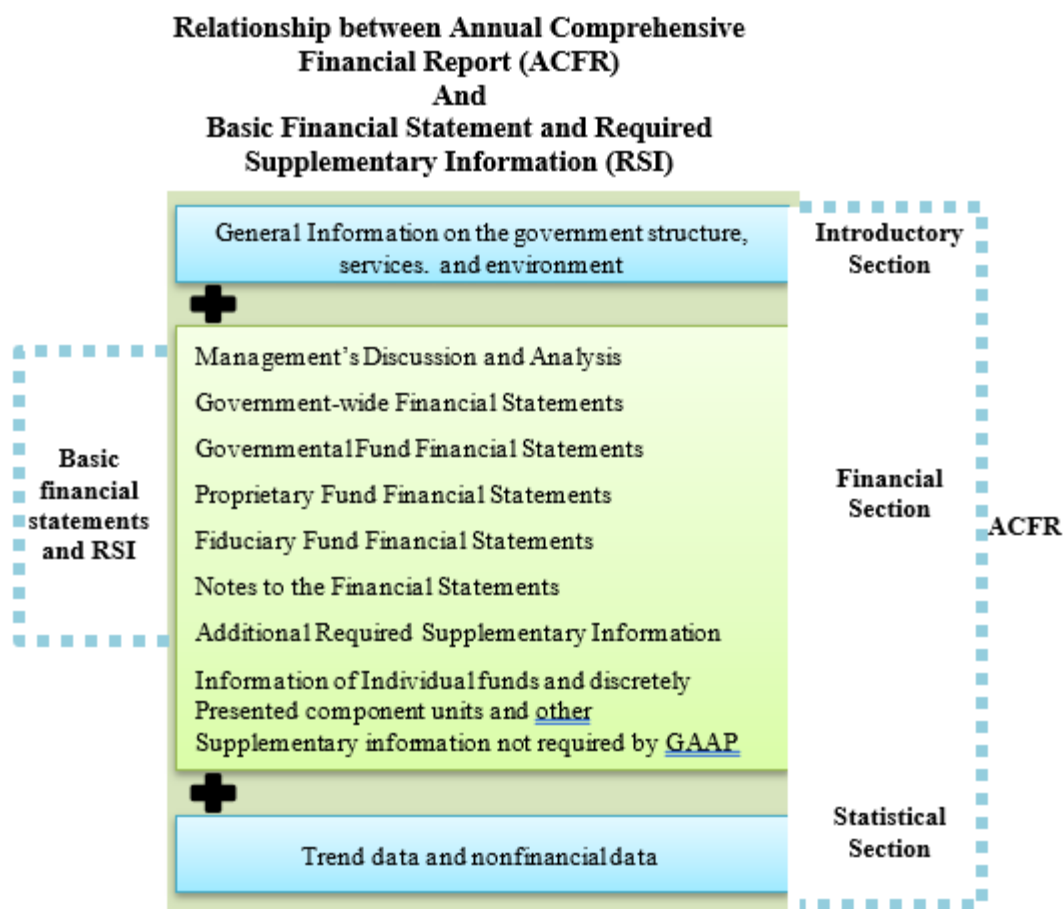

### ***Overview of the Financial Statements***

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components:

- 1) government-wide financial statements,
- 2) fund financial statements, and
- 3) notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

The financial statement focus is on both the City as a whole (government-wide) and on the major individual funds. The following chart shows the relationship between the ACFR and the basic financial statements and Required Supplementary Information ("RSI").

### ***Government-wide financial statements***

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. As described below, these statements do not include the City's fiduciary funds because resources of these funds cannot be used to finance the City's activities. However, the financial statements of fiduciary funds are included in the City's fund financial statements, because the City is financially accountable for those resources, even though they belong to other parties. The government-wide financial statements consist of the following two statements:

The *statement of net position* presents information on all of the City's assets and deferred outflow of resources compared to liabilities and deferred inflows resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Although the purpose of the City is not to accumulate net position, in general, as this amount increases it indicates that the financial position of the City is improving over time.

The *statement of activities* presents the revenue and expenses of the City. The items presented on the statement of activities are measured in a manner similar to the approach used in the private-sector in that revenues are recognized when earned and expenses are reported when incurred, regardless of the timing of related cash flows. Accordingly, revenues are reported even when they may not be collected for several months after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period.

Both of these financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*).

The governmental activities of the City include general government, public safety, physical environment, transportation, economic environment, and culture/recreation. The business-type activities of the City include water, sewer, stormwater utilities; solid waste and building inspections. The government-wide financial statements can be found immediately following the MD&A.

### ***Fund financial statements***

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the City rather than the City as a whole. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

### ***Governmental funds***

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflow and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

For the most part, the balances and activities accounted for in governmental funds are also reported in the governmental activity's columns of the government-wide financial statements. However, because a different accounting basis is used to prepare the fund financial statements and the government-wide financial statements, there are often significant differences between the totals presented. For this reason, there is an analysis after the balance sheet that reconciles the total fund balances to the amount of net position presented in the governmental activities column on the statement of net position. Also, there is an analysis after the statement of revenues, expenditures, and changes in fund balances that reconciles the total change in fund balances for all governmental funds to the change in net position as reported in the governmental activities column of the statement of activities.

The City maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Bayfront Community Redevelopment Agency, ARPA, Impact Fee Fund, Debt Service and GO Road Program Fund, which are major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the other supplemental information section of this report. The City adopts an annual appropriated budget for its general fund, in addition to all special revenue, capital project, debt service funds. Budgetary comparison schedules have been provided for these funds to demonstrate budgetary compliance.

The basic governmental fund financial statements may be found immediately following the government-wide financial statements of this report.

***Proprietary funds***

The City maintains two different types of proprietary funds. The City uses Enterprise Funds to account for business-type activities that charge fees to customers for the use of specific goods or services. These funds are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the fiscal activities relating to water, sewer, stormwater utilities, solid waste, and building. The *internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses the internal service funds to account for its risk management, employee benefit programs and fleet services activities. Because these activities predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Utilities Fund, Stormwater Fund and Solid Waste Fund which are majors fund of the City. Building Inspection and the aggregate of Internal Service Funds are nonmajor funds.

The City's proprietary fund financial statements are presented on pages 34-39.

***Fiduciary funds***

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is like proprietary funds. The City only has one fiduciary fund, the Pension Trust Fund.

The City's fiduciary fund financial statements are presented on pages 40-41.

***Notes to the financial statements***

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 42-106 of this report.

***Other information***

In addition to the basic financial statements and accompanying notes, *required supplementary information* is included which presents budgetary comparison schedules for the City's General Fund and the major special revenue fund. The City adopts an annual appropriated budget for its governmental funds. This section includes a comparison between the City's adopted and final budget and actual financial results to demonstrate compliance with the budget. In addition, information concerning the City's progress in funding its obligation to provide pension benefits to its employees as well as other post-employment benefits is presented. Required supplementary information can be found following the notes to the financial statements.

The combining statements referred to earlier regarding non-major governmental funds are presented in the other supplemental information section of this report. Combining and individual fund schedules can be found after the required supplementary information.

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$481.8 million at the close of the fiscal year ended September 30, 2024. At the end of the fiscal year, the City is able to report positive balances in two categories of net position, both in business-type activities and government as a whole.

As shown in the table below, the largest portion of the City's net position \$265.9 million or (55%) reflects its investment in capital assets (e.g., land, buildings, equipment, and infrastructure) less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets, except for some properties held for resale, are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The City has *restricted net position* of \$174.7 million for capital improvement projects and special revenues. These resources are subject to external restrictions on how the funds may be used. Unrestricted net position can be used to finance day-to-day operations without constraints established by debt covenants or other legal requirements or restrictions. The City had \$41.2 million of unrestricted net position as of September 30, 2024.

There was a net increase of \$30.72 million in net position regarding the City's governmental activities.

There was a net increase of \$32.7 in net position reported regarding the City's business-type activities, which include the Utilities Fund, Solid Waste Fund, Stormwater Utility Fund and the Building Inspections Fund. A detailed explanation is provided on page 14 of this report.

## Net Position

	Governmental Activities		Business-type Activities		Total Activities	
	2024	2023	2024	2023	2024	2023

### Governmental Activities

Governmental activities increased the City's net position by \$30.7 million, and revenues from governmental activities increased by \$15 million or 10.0%. The main reasons were (a) increase in charges for services. In particular impact fees from construction and development. (b) Property tax collection based on increases in assessed valuation.

The following tables show the components of program and general revenues as a percentage of total governmental activities by function. General Government had the largest allocation at 24.3%, which includes administrative activities, followed by Public safety which includes police and fire at 46.0% . Allocations to transportation activities which is predominately public works related transactions accounted for 16.7% of the allocation.

**Expenses and Program Revenues - Governmental Activities**

Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense) Revenue
General Government	\$ 32,669,094	24.3 %	\$ 6,206,144	14.5 %	\$ (26,462,950)
Public Safety	61,963,714	46.0 %	4,841,518	11.3 %	(57,122,196)
Physical Environment	715,987	0.5 %	769,088	1.8 %	53,101
Transportation	22,552,652	16.7 %	20,491,826	48.0 %	(2,060,826)
Economic Environment	5,251,951	3.9 %	6,194,380	14.5 %	942,429
Culture/Recreation	3,204,066	2.4 %	4,161,879	9.8 %	957,813
Interest on Long-Term Debt	8,308,168	6.2 %	—	0.0 %	(8,308,168)
	<u>\$ 134,665,632</u>	<u>100 %</u>	<u>\$ 42,664,835</u>	<u>100 %</u>	<u>\$ (92,000,797)</u>

The following chart compares expenses and program revenues for the governmental activities:

The following table and chart show revenues by source of governmental activities by percent of total revenues. Property taxes accounted for 37.47% of the revenues used to fund governmental functions. Combined revenue from other forms of taxes totaled 17.14%, while state revenue sharing sources provided 9.70% of the total revenue source.

#### Revenue by Source - Governmental Activities

<b>Program Revenues</b>	<b>Revenues</b>	<b>% of Total</b>
Charges for Services	\$ 32,737,360	19.79 %
Operating Grants and Contributions	6,727,475	4.07 %
Capital Grants and Contributions	3,200,000	1.93 %
 <b>General Revenues</b>		
Property Tax	61,967,137	37.47 %
Franchise Fees	8,189,409	4.95 %
Utility Service Tax	12,832,319	7.76 %
Communication Service Tax	2,935,974	1.78 %
Gas Tax	4,389,908	2.65 %
State Revenue Sharing	16,043,272	9.70 %
Interest Earnings	14,770,443	8.93 %
Miscellaneous	1,549,740	0.94 %
Transfers	46,601	0.03 %
	<u>\$ 165,389,638</u>	<u>100.00 %</u>

### ***Business-type activities***

As previously mentioned, business-type activities increased the City's total net position by \$32.7 million. This change resulted in large part from increased water and sewer mainline contribution, solid waste collections and building permit fees arising from construction.

The following tables show the components of program and general revenues as a percentage of total for business-type activities:

**Expenses and Program Revenues - Business-type Activities**

<b>Functions/Programs</b>	<b>Expenses</b>	<b>% of Total</b>	<b>Program Revenues</b>	<b>% of Total</b>	<b>Net (Expense) Revenue</b>
Water & Sewer Utilities	\$ 31,418,028	48.7 %	\$ 57,064,955	63.1 %	\$ 25,646,927
Building Inspections & Permitting	5,195,612	8.0 %	8,495,634	9.4 %	3,300,022
Stormwater Utility	12,717,382	19.7 %	9,814,716	10.9 %	(2,902,666)
Solid Waste	15,245,448	23.6 %	15,061,185	16.7 %	(184,263)
	<u>\$ 64,576,470</u>	<u>100 %</u>	<u>\$ 90,436,490</u>	<u>100 %</u>	<u>\$ 25,860,020</u>

As shown in the table and chart below, the primary revenue source for business-type activities was charges for service. This category is comprised of water and sewer, stormwater, solid waste and building inspection fees. Charges for services accounted for 76.85% of the total business-type activity revenue stream. Capital grants and contributions accounted for 16.13% of the revenue pool.

**Revenues by Source - Business-type Activities**

<b>Source</b>	<b>Revenue</b>	<b>% of Total</b>
Charges for Services	\$ 74,745,222	76.85 %
Capital Grants and Contributions	15,691,268	16.13 %
Operating Grants and Contributions	—	— %
Interest Revenue	6,844,448	7.04 %
Miscellaneous	21,424	0.02 %
Transfers	(46,601)	(0.05)%
	<u>\$ 97,255,761</u>	<u>100.00 %</u>

## ***Financial Analysis of the City's Funds***

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### ***Governmental funds***

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable resources*. Such information is useful in assessing the City's financing requirements. Unrestricted *fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2024, the City's governmental funds reported combined ending fund balances of \$234.1 million, an increase of \$22 million in comparison with the prior year. This increase is principally due to impact fee revenues from construction growth and expansion. Additionally, the City experienced increases in most tax categories above projections. *Non-Spendable* fund balance is \$12,733 and is comprised of prepaid items and inventory. *Restricted* fund balance is \$99.5 million and represents 42.5% of the total fund balance. *Committed* fund balance was \$89.1 million. *Assigned* fund balance is \$5.8 million. *Unassigned* fund balance, which is the residual, had a balance of approximately \$39.7 million.

The General Fund is the chief operating fund of the City. At the end of fiscal year 2024, *unassigned* fund balance of the General Fund was \$40.0 million, while total fund balance reached \$55.4 million. As a measure of the General Fund's liquidity, it may be useful to compare both *unassigned* fund balance and total fund balance to total fund expenditures and transfers out. The City's General Fund, fund balance increased is primarily a result of ad valorem revenues which are based on Brevard County assessed property valuations. The City's ad valorem rate is restricted to an increase of not more than three percent (3.00%) over the budgeted revenue for the previous fiscal year. FY24 revenues from ad valorem taxes was approximately 19% over FY23. A secondary reason for the increase in fund balance is due to state revenue sharing such as half-cent sales tax, sales and uses taxes. In January 2021, the City amended its Fund Balance Policy in accordance with Resolution 2021-03 which supersedes Resolution 2011-34. The Policy established stabilization funds allowing the City to set aside committed funds for unexpected revenue shortfall or budget deficits. The City will maintain a permanent Emergency Contingency Fund with an annual assignment of balance of 4% on unrestricted fund balance. The General Fund committed fund balance of \$13.5 million, includes \$1.98 million in accordance with Resolution 2021-03. Further details and General Fund budgetary highlights can be found pages 18 - 19 of this report.

The Bayfront Community Redevelopment Agency Fund (BCRA) is used to account for ad valorem tax increment revenues accumulated for the community development areas where taxes were assessed. BCRA fund balance increase by \$372,364 in fiscal year 2024 to \$3.04 million.

The Debt Service Fund is used to accumulate resources for the payment of principal and interest of City bonds, notes, and lease obligations. At the end of fiscal year 2024, Debt Service Fund has a restricted net position of \$6.5 million.

GO Road Program Fund is used to account for proceeds from the City's General Obligation Bonds, Series 2019, 2021 and 2023. These funds have been designated to overhaul and revitalize the City's roadways. At the end of fiscal year 2024, the overall restricted net position of the GO Road Program Fund was \$64.5 million.

The Impact Fee Fund accounts for revenues generated from new development and used for the acquisition and or improvement of police, fire, and recreation facilities in addition to expansion of the City's major road network system. At the end of fiscal year 2024, the Impact Fee Fund had a restricted net position of \$88.1 million.

The ARPA (American Rescue Plan Act) Fund accounts for a federal grant issued to offset revenue loss due to COVID-19, pay premium for essential workers and invest in broadband infrastructure. The City was awarded a second tranche of \$9.0 million for varied purposes in FY22. Over the past four years, \$9.0 million has been expended. The remaining grants funds of approximately \$9 million are designated as unearned revenue. The ARPA fund recognized revenue equal to its expenditures, therefore in FY24 a zero-fund balance was realized.

### ***Enterprise funds***

The City's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. The City has four enterprise funds, of which Utilities, Stormwater Utility and Solid Waste are major funds. Building Inspections is a non-major fund. *Unrestricted* net position of the enterprise funds at the end of the year were \$56.9 million. The total net position of the Utilities Fund, increased by \$30.3 million in fiscal year 2024. Stormwater's net position of \$27.3 million is a \$(2.1) million decrease over fiscal year 2024. Solid Waste's net position is \$331,493, which is a decrease of \$108,208 from fiscal year 2023. The City increased its user fee collections in FY24 which generated additional revenue; however, it was offset by an increase in third-party administrative costs. There continues to be significant activities in residential and commercial construction. Due to the volume of permits and other building service, the Building Inspection Fund experienced an increase in net position of \$4.6 million over fiscal year 2023 and ended the fiscal year with a restricted net position of \$22.8 million.

### ***General Fund Budgetary Highlights***

General Fund original budgeted revenue of \$105,850,960 is \$12.5 million more than the prior year. The total final budgeted revenues were less than actual revenues by \$8.9 million. Several revenue streams such as local option gas tax, franchise fees and state revenue sharing recognized larger receipt than originally projected.

General Fund original budgeted expenditures total \$105,850,960, representing an increase of \$12.5 million from FY 2023. Actual expenditures were \$23.6 million less than final budget.

The budget is based upon an estimated unassigned fund balance as of September 30, 2023 of \$43,206,318. The minimum fund balance for FY24, as established by administrative code, is \$15,434,236 and adheres to the stipulations of Resolution 2021-03 requiring a minimum fund balance of two months of regular budgetary General Fund operating expenditures (excluding capital and transfers).

The City generated positive/(negative) variances in the General Fund. There was a cumulative positive variance of approximately \$35.9 million between the final adopted budget and actual results of operations.

The FY 24 adopted millage rate was 7.0171 mills and 6.7339 for FY25.

## Capital Asset and Debt Administration

### Capital Assets

The City's total investment in capital assets for its governmental and business-type activities as of September 30, 2024 is \$412.3 million (net of accumulated depreciation/amortization). Investment in capital assets includes land, buildings, improvements other than buildings, machinery and equipment, vehicles, infrastructure, construction in progress and right to use assets.

A summary of government-wide capital assets is presented below:

	Governmental Activities		Business-type Activities		Total Activities	
	2024	2023	2024	2023	2024	2023
Land	\$ 16,235,288	\$ 16,119,887	\$ 5,138,205	\$ 5,138,205	\$ 21,373,493	\$ 21,258,092
Construction in Progress	34,594,701	50,830,741	56,807,766	47,990,827	91,402,467	98,821,568

	360,065,475	329,058,090	306,816,066	288,992,653	666,881,541	618,050,742
Less: Accum. Depreciation/Amortization	(146,814,566)	(129,109,873)	(107,769,384)	(102,137,246)	(254,583,950)	(231,247,119)
<b>Capital Assets, net</b>	<b>\$ 213,250,909</b>	<b>\$ 199,948,217</b>	<b>\$ 199,046,682</b>	<b>\$ 186,855,407</b>	<b>\$ 412,297,591</b>	<b>\$ 386,803,623</b>

Major capital asset projects and activities during the current fiscal year include the following:

- Completed transportation project related to road maintenance, rejuvenation and reconstruction totaled \$14.4 million.
- Road construction projects still in progress at the end of the year totaled \$43.5 million.
- Water and sewer improvement projects in progress during the year totaled \$20.3 million.

Additional information on the City's capital assets can be found in Note 7 of this report.

**Long-term debt**

At the end of fiscal year 2024, the City had total long-term liabilities of \$353.8 million. Of this amount \$88.0 million is secured solely by specified revenue sources (i.e., revenue bonds, revenue notes).

**Outstanding Long-Term Debt and Claims Payable**

	Governmental Activities		Business-type Activities		Total Activities

**Outstanding Long-Term Debt Activities:**

- Net pension liability decreased due to depreciation in investment income based on actuarial projections.
- FY24 drawdown on the State Revolving Loan agreement was \$4.3 million.

Additional information on the City's debt can be found in Note 8 of this report.

**Economic Factors and Next Year's Budgets and Rates**

- The unemployment rate for the City at September 30, 2024 was 3.5%. The State of Florida's unemployment rate was 3.5% while national average unemployment rate for 2024 was 3.8%.
- Population increased approximately 5.1% from the prior year.
- The taxable value of real property for the City increased by 38.1% in the 2024 fiscal year.
- Building activity resulted in \$550.6 million of new construction during the year, which is an increase of \$209.6 million from the previous year. A graphical presentation of the change in taxable value from new construction for the past ten years is presented below:

During the current fiscal year, *unassigned* fund balance in the General Fund increased to \$40.0 million.

The ad valorem tax rate for the General Fund in fiscal year 2024 was 7.0171 mills.

**Requests for Information**

This financial report is designed to present users with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact the City's Finance Department, 120 Malabar Road, S.E., Palm Bay, Florida 32907-3009. The Annual Comprehensive Financial Report for fiscal year 2023/2024 can also be found on the City's website at [www.palmbayfl.gov](http://www.palmbayfl.gov).

**THIS PAGE INTENTIONALLY LEFT BLANK.**

**RECONCILIATION OF BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
September 30, 2024**

**Total fund balances of governmental funds** **\$ 234,132,613**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$360,065,475 and the accumulated depreciation is \$146,814,566. Internal service funds capital assets of \$12,994,764 and accumulated depreciation of \$9,193,755 are included in the internal service funds balances below. 209,449,900

Net pension assets are not financial resources and therefore are not reported in the funds. 270,737

Deferred outflows and inflows of resources for changes in Pension assumptions and projections in governmental activities are not financial resources and therefore are not reported in the governmental funds.

Deferred Outflows of Resources 15,931,802  
Deferred Inflows of Resources (901,060)

Deferred outflows and inflows of resources for changes in OPEB assumptions and projections in governmental activities are not financial resources and therefore are not reported in the governmental funds.

Deferred Outflows of Resources 1,377,956  
Deferred Inflows of Resources (1,528,958)

Deferred Inflows of resources for loss on bond refunding (141,546)

Unamortized refunding charges are reported as expenditures in the funds because current financial resources are used. They are amortized over the life of the debt in the government-wide statements. 13,291,285

The internal service fund is used by management to charge the costs of employee benefits and risk management services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. 37,615,683

Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the Statement of Net Position. The amount for internal service funds includes compensated absences of \$81,287 (\$13,006 current and \$68,281 long-term) and total OPEB liability of \$276,423

Long-term liabilities at year end consist of :

General Obligation Bonds Payable	\$ (145,909,918)	
Revenue Bonds Payable	(62,129,802)	
Notes Payable	(13,374,000)	
SBITA Payable	(3,788,063)	
Accrued Interest Payable	(2,626,730)	
Financed Purchase Payable	(4,287,189)	
Net Pension Liability	(69,289,430)	
Total OPEB Liability	(10,227,644)	
Compensated Absences	(6,650,441)	(318,283,217)

**Total net position of governmental activities** **\$ 191,215,193**

**THIS PAGE INTENTIONALLY LEFT BLANK.**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES  
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
For the Year Ended September 30, 2024**

**Amounts reported for governmental activities in the statement of activities are  
different because:**

Net change in fund balances - total governmental funds.	<b>\$ 22,012,282</b>
Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets are depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital purchases (\$35,374,062) exceeds depreciation expense (\$18,613,835) in the current period.	16,760,228
Governmental funds report only the proceeds from the sale of capital assets. However, in the Statement of Activities, the amount of the proceeds (if any) are shown net of the remaining book balance of the assets disposed. This is the amount of the gain or (loss) realized on the current year dispositions:	
Current Year Net Loss on Disposal	(1,886,967)
Proceeds from the sale of capital assets increase financial resources, but in the statement of activities, only a gain or loss is reported.	(455,191)
Pension expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.	(10,857,101)
The repayment of principal is an expenditure in the governmental funds, but reduces liabilities in the statement of net position. In addition, the issuance of bonds and similar long-term debt provides current financial resources to governmental funds and therefore contribute to an increase in fund balance. In the statement of net position, however, issuing debt increases and payment of debt decreases long-term liabilities and does not affect the statement of activities. The amounts of the items that make up these differences in the treatment of long-term debt and related items are:	
Principal repayments:	
General Obligation Bonds	3,890,000
Revenue Bonds	2,658,286
Equipment Purchase	431,787
Notes Payable	1,570,000
SBITA Payable	1,321,057
Amortization of Premium	636,281
Debt issued or incurred:	
Proceeds from Subscriptions	(4,108,779)
Amortized Refunding Charges	(894,402)
Amortized Refunding Gains	11,796
Accrued Interest Payable on Long-Term Debt	(453,100)
Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available.	
Compensated Absences	(526,870)
Total OPEB Liability	(594,945)
The internal service fund is used by management to charge the costs of risk management services to other funds. The increase in net position of the internal service fund is reported with governmental activities.	1,209,643
Change in net position of governmental activities.	<b>\$ 30,724,006</b>

*The notes to the financial statements are an integral part of the financial statements.*

**NOTE 1 – Summary of Significant Accounting Policies**

The financial statements of the City of Palm Bay, Florida (the “City”) have been prepared in conformity with generally accepted accounting principles (“GAAP”) in the United States of America as applied to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Significant City accounting policies are described below:

**A. The Reporting Entity**

The City is a political subdivision incorporated on January 16, 1960 in the State of Florida and located in Brevard County. The legislative branch of the City is composed of a five (5) member elected Council, including a city-wide elected mayor. The City Council is governed by the City Charter, and by state and local laws and regulations. The City Council is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Council appointed city manager.

Accounting principles generally accepted in the United States of America require that the reporting entity include: (1) the primary government, (2) organizations for which the primary government is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Although they are separate legal entities, blended component units are in substance part of the City’s operations and are reported as an integral part of the City’s financial statements. The City’s component units are described as follows:

The Bayfront Community Redevelopment Agency (the “BCRA”) is an incremental tax district created by City ordinance pursuant to Section 163.356, Florida Statutes. The City Council appoints an advisory board to administer the activities of the BCRA. The Board approves the budget and provides funding. The City performs all accounting functions as well as facilitates operational responsibilities for the activities of the BCRA. Its services are provided exclusively to the City. The BCRA is classified as a special revenue fund.

The Palm Bay Municipal Foundation Inc. is a Florida 501(c)(3) nonprofit public benefit corporation formed in June 2013 by City Council Legislative Memorandum pursuant to Florida Nonprofit Corporation Laws. The Palm Bay Municipal Foundation was established exclusively for charitable, educational and cultural purposes for the benefit of the City. City Council members serve as the Foundation’s board of directors. They also approve the budget. The City performs all accounting functions and facilitates operational responsibilities for the activities of the Foundation. Palm Bay Municipal Foundation is classified as a special revenue fund.

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the primary government and its blended component units. For the most part, the effect of interfund activity has been removed from these statements to minimize double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)****B. Government-wide and Fund Financial Statements (Continued)**

The Statement of Activities demonstrates the degree to which the direct expenses and indirect costs of a given function, or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect expenses are those costs that are allocated to functions and activities in accordance with the City's adopted indirect cost allocation plan. The "expenses" column includes both direct and indirect expenses. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are *restricted* to meeting the operational or capital requirements of a function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and the fiduciary fund. The fiduciary fund is excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. The internal service funds are included in governmental activities in the government-wide financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation****Government-wide Financial Statements**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and comparable items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are user fees between the City's enterprise funds and other governmental functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

**Fund Financial Statements**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within four months of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxes when levied, franchise fees, licenses, intergovernmental revenues when eligibility requirements are met, charges for services, and interest associated with the current fiscal period are all considered to be measurable and if available have been recognized as revenues of the current fiscal period. All other revenue items are measurable and available only when cash is received by the City.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major governmental funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The Bayfront Community Redevelopment Agency Fund is used to account for ad valorem tax increment revenues accumulated for community development in the areas where the taxes were assessed. The city has designated this as a major fund.
- The City has one debt service fund which is used to account for principal and interest payment on the following debts:
  - Taxable Special Obligation Revenue Bonds, Series 2004
  - Public Service Tax Revenue Bonds, Series 2010
  - Taxable Special Obligation Refunding Bonds, Series 2013
  - Local Option Gas Tax Refunding Note, Series 2014
  - Sales Tax Refunding Bonds, Series 2015
  - Franchise Fee Revenue Note, Series 2015
  - Franchise Fee Revenue Note, Series 2016
  - Local Option Gas Tax Revenue Note, Series 2018
  - Special Obligation Refunding Note, Series 2020
  - General Obligation Bonds, Series 2019 Series 2021 & Series 2023
  - Debt service on leases.
- The GO Bond Road Program Fund is used to account for the bond proceeds earmarked for maintenance and repair of citywide roadways.
- The Impact Fee Fund accounts for revenues originating from new development and used for the acquisition and or improvement of police, fire, & recreation facilities and expansion of the City's major road network system.
- The ARPA Fund (American Rescue Plan Act) accounts for federal relief funds granted to mitigate the negative impact resulting from the coronavirus pandemic. The funds are intended to offset revenue loss due to COVID-19, provide premium pay for essential workers, invest in broadband, water, or sewer infrastructure.

The City reports the following major enterprise funds:

- The Utilities Fund, accounts for the fiscal activities of the City's water and wastewater treatment and distribution operations as well as the funding and payment of related debt.
- The Stormwater Utility Fund is used to account for fees and services associated with management of the City's stormwater system.
- The Solid Waste fund is used to account for residential solid waste collection services administered by the City in partnership with Republic Services.

Additionally, the City reports the following fund types:

- The Internal Service Funds account for certain activities of the City's risk management, employee benefit programs and its fleet operations. Activities include premium and benefit payments, legal expenses incurred related to activities not specifically covered by City insurance policies, collections of settlements or refunds from related cases, and charges to City departments for fleet services and a vehicle replacement program.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

- The Pension Trust Fund accounts for the activities of the City's Police & Firefighters Retirement System, ("PBP&FPF") which accumulates resources for pension benefit payments to certain general government employees and qualified police and fire employees.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

When both *restricted* and *unrestricted* resources are available for use, it is the City's policy to use *restricted* resources first for their intended purposes, and then *unrestricted* resources, as they are needed.

D. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits, certificates of deposit, money market accounts, money market funds, Negotiable Order of Withdrawal and cash with fiscal agent.

E. Investments

Investments are stated at fair value, except for investments in the Florida State Board of Administration Local Government Pooled Investment Funds ("SBA"), an external investment pool which complies with criteria set forth in Section 150: Investments of the GASB codification. Fair value is the price that would be received to sell an investment in an orderly transaction at year end. SBA pool shares are based on amortized cost of the SBA's underlying portfolio.

F. ReceivablesProperty Taxes Receivable

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State Statutes permit municipalities to levy property taxes at a rate of up to 10 mills. The City's millage rate, on which tax collections in fiscal year 2024 are based, is 7.0171.

All real and tangible personal property taxes are due and payable on the levy date of November 1 of each year or as soon thereafter as the assessment roll is certified by the Brevard County Property Appraiser (levy date). The Brevard County Tax Collector collects and distributes all taxes. Taxes may be paid upon receipt of notice from the Tax Collector, with discounts at the rate of four percent (4%) if paid in the month of November, three percent (3%) if paid in the month of December, two percent (2%) if paid in the month of January, and one percent (1%) if paid in the month of February. Taxes paid during the month of March are without discount and all unpaid taxes on real and tangible property become delinquent on April 1 and a lien is executed on or before May 30. Property tax revenues are recognized in the fiscal year for which they are budgeted and become due and payable. Virtually all unpaid taxes are collected via tax certificates sold on or prior to June 1; therefore, no material taxes are receivable at fiscal year-end.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)****F. Receivables (Continued)****Accounts Receivable**

Utilities Fund operating revenues are generally recognized based on cycle billings rendered monthly. Revenues for services delivered during the last month of the fiscal year that have not been read by September 30 are accrued based on meter readings for the applicable consumption taken at the beginning of October and billed in October. Accounts receivable balances are shown net of the allowance for uncollectible accounts. The allowances are determined based on management estimates of uncollectible amounts.

**G. Inventories and prepaid items**

Inventories in the governmental, enterprise and internal service funds consist primarily of expendable supplies held for consumption. Inventories are valued at cost, using the first-in /first-out (“FIFO”) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Inventories held for resale are reported at the lower of cost or market.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of a prepaid item is recorded as an expenditure/expense when consumed rather than when purchased.

**H. Restricted Assets**

The uses of certain assets of the Utilities Fund are restricted by specific provisions of bond resolutions and other agreements. Assets so designated are identified as restricted assets on the statement of net position.

**I. Encumbrance**

Encumbrance accounting is employed in the general, capital project and special revenue funds. Under this method, purchase orders contracts and other commitments outstanding at year-end do not constitute expenditures for liabilities. GASBC 1800: *Classification and terminology*, provides additional guidance on the classification within the Net Position section of the amounts that have been encumbered. Encumbrances of balances within the General fund are classified as assigned; Special Revenue and Capital Projects funds are classified as *committed* and *restricted*. These encumbrances are not separately stated in the financial statements.

**J. Capital Assets**

Capital assets include property, plant, equipment, and infrastructure assets (e.g., roads, easements, bridges, sidewalks, and related items), and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and proprietary fund financial statements. Property, plant, and equipment with initial, individual costs that equal or exceed \$5,000 and estimated useful lives of over one year are recorded as capital assets. Roads, bridges, and sidewalks are capitalized when their initial costs equal or exceed \$250,000 and have estimated useful lives of more than one year. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art, and similar items and capital assets received in a service concession arrangement are recorded at acquisition value at the date of donation rather than estimated fair value.

Major outlays for capital assets and improvements are capitalized as projects are constructed. In governmental funds, capital purchases (capital assets) are reported as expenditures.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)**J. Capital Assets (Continued)

Capital Assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	25-50
Utilities System	25-40
Infrastructure	15-20
Equipment	5-20
Vehicles	3-10
Right-to-use leases	5-20

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represent a consumption of net assets that applies to future periods and so will not be recognized as an expense or expenditure until then. The City has three items that qualify for reporting in this category; they are deferred charges on refunding, deferred outflows related to pensions and deferred outflows related to OPEB. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions, pursuant to GASBC P20: *Pension Activities* unrealized contributions and losses related to pension costs. See Note 9 Employee Retirement Systems.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net assets that applies to a future period and will not be recognized as revenue until then. The City has three items in this category which arises under both the full accrual and modified accrual basis of accounting; unavailable revenue regarding business tax licenses that have been paid in advance, deferred amounts related to pensions, unamortized gain on refunding, pursuant to GASBC P20: *Pension Activities*, and deferred amounts related to OPEB.

L. Leases

Lessee: The City is a lessee for noncancellable lease of a building. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide statements. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more. At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)**L. Leases (Continued)

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the stated interest rate according to the contractual agreement as the discount rate. When the interest rate is not provided, the City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option prices that is reasonably certain to be exercised.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The City is lessor for several noncancellable lease of cell towers. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental financial statements.

At commencement of a lease, the City initially measures the lease receivable at the present value of the payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of the lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as a revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts at present value, (2) lease term, and (3) lease receipts.

- The City uses its stated contractual rate when known or its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period for the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payment from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the lease receivable.

M. Subscription Based Information Technology Arrangements (SBITA)

The City is a subscriber for noncancellable technology arrangements for software. The City recognizes a SBITA liability and an intangible right-to-use SBITA asset (SBITA asset) in the government-wide statements. At the commencement of an arrangement, the City initially measures the SBITA liability at the present value of payments expected to be made during the subscription term. Subsequently, the SBITA liability is reduced by the principal portion of subscription payments made. The SBITA asset is initially measured as the initial amount of the SBITA liability, adjusted for SBITA payments made at or before the SBITA commencement date, plus certain initial direct costs. Subsequently, the SBITA asset is amortized over the shorter of the subscription term or the useful life of the underlying IT asset.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)**M. Subscription Based Information Technology Arrangements (SBITA) (Continued)

Key estimates and judgments related to SBITAs include how the City determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) lease term, and (3) subscription payments.

- The City uses the stated interest rate according to the subscription agreement as the discount rate. When the interest rate is not provided, the City uses its estimated incremental borrowing rate as the discount rate for SBITAs.
- The SBITA term includes the noncancellable period of the SBITA. SBITA payments included in the measurement of the SBITA liability are composed of fixed payments and purchase option prices that is reasonably certain to be exercised.

The City monitors changes in circumstances that would require a remeasurement of its SBITA and will remeasure the SBITA asset and liability if certain changes occur that are expected to significantly affect the amount of the SBITA liability.

SBITA assets are reported with other capital assets and SBITA liabilities are reported with long-term debt on the statement of net position

N. Pension

For purpose of measuring the net pension liability (asset) and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's Fire and Police Retirement System and Florida Retirement System ("FRS") plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by PBP&FPF and FRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Amortization of Bond Discount and Premium

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the term of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether withheld or not from the actual debt proceeds received, are reported as expenditures/ expenses when incurred.

P. Compensated Absences

All full-time permanent employees accrue sick and vacation benefits according to the following table:  
Employee terminating in good standing with unused annual leave will be paid up to a maximum of 240 hours. Sick leave will be paid up to a maximum of 500 hours but based on years of service and position.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)****P. Compensated Absences (Continued)**

Compensated Absences	Vacation			Sick		
Employee Status	Accrual Per Month	Max	Payout*	Accrual Per Month	Max	Payout*
Employees hired prior to September 1, 2017	8-14 hrs	320**	320**	8-12 hrs	1152***	500
Employees hired after to September 1, 2017	8-14 hrs	240	240	8 - 12 hrs	500	500
*Employee must be in good standing upon termination. Sick Payouts based on Years of Service and Position						
**Max will change to 240 hours once drops below 240 by payouts and use of annual leave						
***Max will change to 500 once drops below 500 by payouts and use of sick leave						

The City records compensated absences in governmental funds as expenditures for the amount accrued during the year that would normally be liquidated with expendable, available financial resources and to the extent they are due as of the end of the fiscal year. The City accrues compensated absences in the period they are earned in the government-wide and enterprise fund financial statements.

**Q. Fair Value Measurement**

The City categorizes its fair value measurements with the hierarchy established by GASBC Section 150: *Investments*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted process in active markets; Level 2 inputs are significant other observable inputs and Level 3 inputs are significant unobservable inputs.

**R. Capital Contributions**

Capital Contributions consist of amounts from federal and state aid programs, developers, and water and sewer stabilization fees charged to customers for initial hookup to the Utilities System's water and sewer lines. Contributions are recognized when earned or when legal title is transferred to the City for contributed capital assets.

**S. Net Position**

In the government-wide financial statements and in the proprietary fund statements, net position is classified in the following categories:

*Net Investment in Capital Assets* – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category.

*Restricted Net Position* – This category represents the net position of the City, which is restricted by constraints placed on the use by external groups such as creditors, grantors, contributors, laws, regulations of other governments, through constitutional provisions or enabling legislation.

*Unrestricted Net Position* – This category represents the net position of the City, which can be used to finance day-to-day operations without constraints established by debt covenants or other legal requirements or restrictions. Deficit unrestricted net position if any would require future funding.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)****T. Fund Balance (Continued)**

*Nonspendable* – This category includes items that are not in spendable form because they are either legally or contractually required to be maintained intact such as inventory, prepaid and long-term amounts of loans and notes receivable

*Restricted* – Includes items that are restricted by external creditors, grantors or contributors, or restricted by legal constitutional provisions.

*Committed* – The portion of fund balance that can be constrained for a specific purpose imposed via resolution by the Palm Bay City Council (the highest level of decision-making authority). Commitment of fund balance may be made for such purposes as a) major maintenance and repair projects, b) meeting obligations resulting from a natural disaster, c) accumulating resources pursuant to stabilization arrangements, d) establishing reserves for disasters and or, e) for specific projects. Any changes or removal of committed fund balance must be sanctioned by the Palm Bay City Council through the same process that facilitated the original commitment.

*Assigned* – Includes items intended for specific uses and authorized by the City Manager and or Finance Director. The Palm Bay City Council designated these representatives as the delegated officials that can assign portions of the fund balance as evidenced by Resolution 2011-34 as superseded by Resolution 2021-03.

*Unassigned* – This is the residual classification used for those balances not assigned to another category in the General Fund. Deficit fund balance in other governmental funds is also presented as *unassigned*.

SBC 1800: *Classification and terminology* requires the highest legal authority to approve authorized commitments of fund balance and to approve who can authorize assignment of fund balance. On August 4, 2011, City Council by resolution 2011-34 authorized the Finance Director rights to assign resources and ending fund balances. This Resolution was revised in January 2021 via Resolution 2021-03. GASBC 1800: *Classification and terminology* also requires a spending policy to ending fund balances. The spending policy states in what order fund balance categories are spent. On August 4, 2011 by resolution 2011-34, the Council approved the following fund balance order of spending: (1) *restricted* fund balance first, and then (2) *committed* fund balance, then (3) *assigned* fund balance, and (4) *unassigned* fund balance. The General Fund maintains a minimum fund balance of two months of regular budgetary General Fund operating expenditures of the less capital outlay and transfers.

**NOTE 1 – Summary of Significant Accounting Policies (Continued)****T. Fund Balance (Continued)**

A detailed classification of the City's Fund Balances as of September 30, 2024, are as follows:

Function Balance Classification	Major Funds				GO Bond Road Program Fund	Nonmajor Governmental Funds	Total Governmental Funds
	General Fund	Bayfront Community Redevelopment Agency	Impact Fee Fund	Debt Service Fund			
<b>Non-Spendable:</b>							
Items Not In Spendable Form:							
Inventory	\$ 2,776	\$ —	\$ —	\$ —	\$ —	\$ —	\$ 2,776

<b>Total Fund Balances</b>	<b>\$ 55,401,752</b>	<b>\$ 3,036,130</b>	<b>\$ 88,084,924</b>	<b>\$ 6,500,257</b>	<b>\$ —</b>	<b>\$ 15,286,440</b>	<b>\$ 168,309,503</b>

**U. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from management's estimates.

**NOTE 2 – Stewardship, Compliance and Accountability****A. Deficit Fund Equity**

At September 30, 2024, the following funds of the City had deficit balances:

**Special Revenue Funds:**

<b>CDBG-Coronavirus</b>	\$ (93,518)
<b>Neighborhood Stabilization Program</b>	\$ (20,196)

**Capital Project Funds:**

<b>I-95 Interchange Fund</b>	\$ (6,301)
<b>Connector Road I-95 Fund</b>	\$ (134,371)

The deficit in the CDBG - Coronavirus Fund is expected to be eliminated by future program revenue and grant reimbursement.

The deficit fund balance in the I-95 Interchange Fund and Connector Road I-95 Fund will be eliminated by a transfer from the Debt Service Fund.

The deficit fund balance in the Neighborhood Stabilization Program will be eliminated by a transfer from General Fund.

**NOTE 3 – Deposits and Investments****A. Cash and Deposits**

At September 30, 2024, the carrying amount of the City's cash deposit accounts was \$113,226,982 and the bank balance was \$112,021,363. The City's cash deposits are held by a bank that qualifies as a public depository under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes. The City's cash deposits are fully insured by the Public Deposits Trust Fund.

The City's Pension Trust Fund had cash and cash equivalents of \$6,852,906 at September 30, 2024. All of the Pension's deposits are insured and/or collateralized by a financial institution separate from the Pension's depository financial institution.

**B. Investment Portfolio**

On May 3, 2018, the City of Palm Bay adopted a revised comprehensive investment policy pursuant to Section 218.415, Florida Statutes that updated permitted investments, asset allocation limits, issuer limits, credit rating requirements, and maturity limits to protect the City's cash and investment assets. The City maintains a common cash and investment pool for the use of all funds.

Section 218.415, Florida Statutes, limits the types of investments that a government can invest in unless specifically authorized in an investment policy. The City's investment policy allows for the following investments: The Florida PRIME Fund ("SBA"), United States Treasury Securities, United States Government Agencies, Supranational, Agency Mortgage-Backed Securities, Interest Bearing Time Deposit and Saving Accounts, Repurchase Agreements, Commercial Paper, Corporates, Asset-Backed Securities, Municipal Securities, Registered Investment Companies Money Market Mutual Funds, and Intergovernmental Investment Pools.

**NOTE 3 – Deposits and Investments (Continued)****B. Investment Portfolio (Continued)**

As of September 30, 2024, the City had the following investment types and effective duration presented in terms of years:

<b>Security Type</b>	<b>Fair Value</b>	<b>Effective Duration (Years)</b>
U.S. Treasury	\$ 42,620,812	1.129
Federal Agency Mortgage-Backed Security	328,321	1.801
Federal Agency Collateralized Mortgage-Backed Securities	3,482,806	1.627
Federal Agency Collateralized Mortgage Obligation	20,455	1.216
Commercial Paper	25,431,704	0.254
Corporate Note	10,304,028	1.693
Municipal	97,850	0.634
Asset-Backed Security	8,436,930	1.372
Florida PALM	114,819,680	0.12
Florida Prime	117,517,843	0.099
US Bank Money Market Account	41,444,562	0.003
JP Morgan Chase Checking Account	70,576,801	0.003
<b>Total</b>	<b>\$ 435,081,792</b>	<b>0.27</b>

**C. Interest Rate Risk**

The City's investment policy sets limits for investment maturities to match known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than five-and one-half (5.5) years. Investments of bond reserves, construction funds, and other non-operating funds, "core funds", shall have a term appropriate to the need for funds and in accordance with debt covenants, but in no event shall exceed five and one half (5.5) years. The maturities of the underlying securities of a repurchase agreement will follow the requirements of the Master Repurchase Agreement. The City utilizes "weighted average duration" as a measurement of interest rate risk and as of September 30, 2024, the investment portfolio had an effective duration of 0.27 years.

**NOTE 3 – Deposits and Investments (Continued)**C. Interest Rate Risk (continued)

The City has Corporate Notes, each with an embedded option consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate. The following details the embedded options:

**NOTE 3 – Deposits and Investments (Continued)****D. Credit Risk**

The City's investment policy permits the following investments, which are limited to credit quality ratings from Nationally Recognized Statistical Rating Organizations (NRSROs) as described below.

Florida PRIME: Highest Fund Rating by all NRSROs who rate the fund (AAAm/Aaa-mf, or equivalent).

Asset-Backed Securities (ABS): Highest ST or LT Rating (A-1+/P-1, AAA/Aaa or equivalent).

Commercial Paper: Highest ST Rating Category (A-1/P-1, or equivalent).

Corporates: Highest ST or three highest LT Rating Categories (A-1/P-1, A-/A3 or equivalent).

Municipals: Highest ST or three highest LT Rating Categories (SP-1/MIG 1, A-/A3 or equivalent).

Money Market Funds (MMFs): Highest Fund Rating by all NRSROs who rate the fund (AAAm/Aaa-mf or equivalent).

Repurchase Agreements (Repo or RP): Counterparty (or if the counterparty is not rated by an NRSO, then the counterparty's parent) must be rated in the highest ST Rating Category (A-1/P-1 or equivalent). If the counterparty is a Federal Reserve Bank, no rating is required.

Supranational: Highest ST or highest LT Rating Categories (A-1/P-1, AAA/Aaa or equivalent).

Intergovernmental Investment Pools (LGIPS): Highest Fund Quality and Volatility Rating Categories by all NRSROs that rate the LGIP (AAAm/AAAf, S1 or equivalent).

**NOTE 3 – Deposits and Investments (Continued)****D. Credit Risk (continued)**

As of September 30, 2024, the City had the following credit exposure as a percentage of total investments:

<b>Security Type</b>	<b>Credit Rating</b>	<b>% of Portfolio</b>
U.S. Treasury Notes	AA+	8.40%
U.S. Treasury Bills	A-1+	1.39%
Federal Agency Mortgage-Backed Security	AA+	0.08%
Federal Agency Collateralized Mortgage-Backed Securities	AA+	0.80%
Federal Agency Collateralized Mortgage Obligation	AA+	0.00%
Commercial Paper	A-1+	2.23%
Commercial Paper	A-1	3.62%
Corporate Notes	AA+	0.18%

Corporate Notes	AA-	0.46%
Corporate Notes	A+	0.52%
Corporate Notes	A	0.46%
Corporate Notes	A-	0.59%
Corporate Notes*	BBB+	0.05%
Municipals	AA+	0.01%
Municipals	AA	0.01%
Asset Backed Securities	AAA	1.25%
Asset Backed Securities**	NR	0.69%
Florida Prime***	AAAm	27.01%
Florida PALM****	AAAm	26.39%
US Bank Money Market Account	AAAm	9.53%
JP Morgan Chase Checking Account	N/A	16.22%
<b>Total</b>		<b>100.00%</b>

\* The City's policy requires securities to be rated A-/A3 or better by at least one NRSRO. Six Corporate Notes are rated BBB+ by S&P but two of those securities are rated A3, two are rated A2 and two are rated A1 by Moody's and follow the City's policy.

\*\* Although not rated by S&P, these securities are rated Aaa by Moody's, an NRSRO, in compliance with City policy.

\*\*\* Florida Prime (SBA)'s Financial Statement Disclosure for September 30, 2024, available on the website <https://prime.sbafla.com>, is the source of the Fund's Credit Rating from Standard & Poor's.

\*\*\*\* The Florida Public Assets for Liquidity Management Fund's Fact Sheet as of September 30, 2024, provided the credit rating from Standard & Poor's.

**NOTE 3 – Deposits and Investments (Continued)****E. Custodial Credit Risk**

The City's investment policy, pursuant to Section 218.415(18), Florida Statutes, requires securities, except for certificates of deposits, shall be held with a third-party custodian; and all securities purchased by, and all collateral obtained by the City should be properly designated as an asset of the City. The securities must be held in an account separate and apart from the assets of the financial institution. A third-party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida as defined in Section 658.12, Florida Statutes, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts, and which is doing business in the State of Florida. Certificates of deposits maintained by book-entry at the issuing bank shall clearly identify the City as the owner.

As of September 30, 2024, the City's investment portfolio was held with a third-party custodian as required by the City's investment policy.

**F. Concentration of Credit Risk**

The City's investment policy has established asset allocation and issuer limits on the following investments, which are designed to reduce concentration of credit risk of the City's investment portfolio:

<b>Investment</b>	<b>Max % Available Funds</b>	<b>% Limit on Individual Agency or Issuers</b>
Florida PRIME Fund "SBA"	25%	0%
United States Government Securities	100%	0%
United States Government Agencies	75%	40%
Federal Instrumentalities	75%	10%
Mortgage Backed Securities	25%	40%
Non-negotiable Collateralized Bank Deposits or Savings Accounts	50%	0%*
Repurchase Agreements**	25%	10%
Prime Commercial Paper	50%	5%
Corporates	50%	5%
Municipals	25%	5%
Money Market Funds (MMFs)	50%	25%
Intergovernmental Investment Pools (LGIPs)	50%	25%
Supranationals	25%	10%
Asset-backed Securities	25%	5%
<b>*If fully collateralized</b>		
<b>**excluding one business day agreements and overnight sweep agreements</b>		

**NOTE 3 – Deposits and Investments (Continued)****F. Concentration of Credit Risk (continued)**

As of September 30, 2024, the City had the following issuer concentration based on fair value:

<b>Security Type</b>	<b>Fair Value</b>	<b>% of Portfolio</b>

\*The City's policy does not apply to the investment of principal, interest, reserve, construction, capitalized interest, redemption, or escrow accounts created by ordinance or resolution pursuant to the issuance of bonds where the investments are held by an authorized depository.

**NOTE 3 – Deposits and Investments (Continued)****G. Fair Value Measurement and Application**

Investments are carried at fair value as defined in GASB Statement 72 “Fair Value Measurement and Application”. Consistent with GASBC Section 150: *Investments*, the City categorizes its fair value measurements within the fair value hierarchy. The City has the following fair value measurements as of September 30, 2024.

Investments by fair value level	9/30/2024	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs
		Level 1	Level 2
U.S. Treasury securities	\$ 42,620,811	\$ 42,620,811	\$ —
Federal Agency Collateralized Mortgage-Backed Securities	3,482,806	—	3,482,806
Federal Agency Mortgage-Backed Securities	328,321	—	328,321
Federal Agency Collateralized Mortgage Obligation	20,455	—	20,455
Municipal securities	97,850	—	97,850
Commercial paper	25,431,703	—	25,431,703
Corporate notes	10,304,027	—	10,304,027
Asset-Backed Securities	8,436,930	—	8,436,930
	—	—	—
	—	—	—
Total investments by fair value level	90,722,903	42,620,811	48,102,092

**Investments reported at Amortized Cost**

Florida Prime Fund (NAV)	117,517,843
Florida Public Assets - Liquidity Mgmt Fund (Amortized Cost)	114,819,680
Total investments at amortized costs	<u>232,337,523</u>

**Cash, Cash Equivalents, and Investments**

Cash and Cash Equivalents (Amortized Cost)	112,021,358
Petty Cash and Change Funds	13,100
Cash held by Palm Bay Municipal Foundation	68,810
Cash held by Fiscal Service Agent	1,123,714
Investments (Amortized Cost)	232,337,523
Investments (Fair Value)	90,722,903
Total cash, cash equivalents, and investments	<u>\$ 436,287,408</u>

Level 1 inputs are measured at quoted prices, in active markets for identical assets. Level 2 inputs utilize significant other observable inputs such as pricing models of similar securities. This includes basing value or yield currently available on comparable securities of issues with similar credit rating. Level 3 inputs are not traded in an active market. No significant observable market inputs are available as of the reporting date.

The cash equivalents measured at amortized cost meet the requirements under GASBC Section 150: *Investments* to be valued at cost and not fair value. Florida Prime Fund, intergovernmental investment pool and money market account have no unfunded commitments and are redeemed daily with a 1-day minimum holding period.

**NOTE 3 – Deposits and Investments (Continued)****G. Investments – Fair Value Measurement and Application (Continued)**

Investments regarding the City's Police & Fire Pension Plan had the following fair value measurements as of September 30, 2024.

Investments by fair value level	9/30/2024	Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Other Unobservable Inputs
		Level 1	Level 2	Level 3
Certificated of Deposit	\$ 295,212	\$ —	\$ 295,212	\$ —
Common Stock	59,794,468	59,515,083	279,385	—
Domestic Equity Funds	16,793,640	16,793,640	—	—
U.S. Government securities	28,982,454	3,366,280	25,616,174	—
Corporate Bonds	37,202,874	—	36,215,506	987,368

International Equity Funds	2,800,878	—	2,800,878	—
Convertible Securities	17,194,935	1,222,830	15,972,105	—
Infrastructure	8,982,805	—	—	8,982,805
	—	—	—	—
Total Investments by net fair value level	187,708,188	80,897,833	81,179,260	25,631,095

**Investments measured at net asset value ("NAV")**

International Equity Funds	34,181,993
Bond Funds	53,673
Commingled Domestic Equity Funds	13,120,494
Total investments measured at NAV	47,356,160
Total investments measured at fair value	\$ 235,064,348

The Plan's valuation methods for investments measured at the net asset value ("NAV") per share (or its equivalent) as of September 30, 2024 are as follows:

Investments Measured at the NAV					
			Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Mutual funds	\$	34,235,666	\$	— Daily	Same Day
Commingled domestic equity funds		13,120,494		— Monthly	Up to 15 Days
	\$	47,356,160	\$	—	

**H. Investments – Investment in Palm Bay Retirement System****1. Investment Authorization**

The Palm Bay Retirement System's (the "Plan") investment policy is determined by the Board of Trustees (the "Board"). The policy has been identified by the Board as having the greatest expected investment return, and the resulting positive impact on asset values, funded status, and benefits, without exceeding a prudent level of risk. The Board determined this policy after evaluating the implications of increased investment return versus increased variability of return for a number of potential investment policies with varying commitments to stocks and bonds.

**NOTE 3 – Deposits and Investments (Continued)****H. Investments – Investment in Palm Bay Retirement System (Continued)****1. Investment Authorization (Continued)**

The primary investment objective of the plan is the preservation of invested capital. The secondary objective is to achieve moderate long-term real growth of the assets while minimizing the volatility of returns.

The Trustees are authorized to acquire and retain every kind of property, real, personal, or mixed, and every kind of investment specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations, and stocks, preferred or common, which persons of prudence, discretion and intelligence acquire or retain for their own account. Investment in all equity securities shall be limited to those listed on a major U.S. stock exchange and limited to no more than 75% (at market) of the Plan's total asset value with no more than 5% at cost value of an investment manager's equity portfolio invested in the shares of a single corporate issuer. Investments in stocks of foreign companies shall be limited to 25% (at market) of the investment portfolio. Convertible securities shall be limited to 25% of the Plan's total portfolio. Investment in equity securities whose market capitalization is less than \$3 billion dollars shall be limited to 25% of the total equity portfolio. Investments in those corporations whose stock has been publicly traded for less than one year are limited to 15% of the equity portfolio.

The fixed income portfolio shall be comprised of securities rated "BBB" or higher by Standard & Poor's or Baa or higher by Moody's rating services with no more than 10% at cost of an investment manager's total fixed income portfolio invested in the securities of any single corporate issuer. However, investments in securities rated below "A" shall be limited to 20% of the total fixed income portfolio.

Investments in Collateralized Mortgage Obligations (CMOs) shall not exceed 25% of the fixed income portfolio and real estate shall not exceed 15% of the portfolio or market, respectively.

The Plan has contracts with investment counselors who supervise and direct the investment of equity and fixed income securities. In this regard, the Plan does utilize mutual funds as the investment vehicles for all its fixed income investments. In addition, the Plan utilizes an investment advisor who monitors the investing activity. The investments owned are held by custodians in the name of the Plan.

**2. Types of Investments**

Florida Statutes and Plan investment policy authorize the Trustees to invest funds in various investments. The current target and actual allocation of these investments at market are as follows:

<b>Authorized Investments</b>	<b>Target % of Portfolio</b>	<b>Actual % of Portfolio</b>
Domestic equities	35%	35%
Fixed income	25%	28%
International equities	15%	18%
Real estate	10%	7%
Convertible securities	10%	7%
Infrastructure	5%	4%
Cash equivalents	0%	3%
	100%	100%

**NOTE 3 – Deposits and Investments (Continued)****H. Investments – Investment in Palm Bay Retirement System (Continued)****3. Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in the market interest rates. As a means of limiting its exposure to interest rate risk, the Plan diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer with various durations of maturities.

Information about the sensitivity of the fair values of the Plan's investments to market interest rate fluctuations are provided by the following tables that show the distribution of the Plan's investment by maturity at September 30, 2024:

Investment Type	Investment Maturities (in Years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More Than 10
U.S. Treasuries	\$ 14,428,597	\$ 764,408	\$ 5,962,682	\$ 4,179,232	\$ 3,522,275
U.S. Agencies	14,553,857	—	738,968	—	13,814,889
Debt Securities	55,975,858	2,326,189	30,124,726	10,751,547	12,773,396
Bond Funds	53,673	—	53,673	—	—
Total Fixed Income	<u>\$ 85,011,985</u>	<u>\$ 3,090,597</u>	<u>\$ 36,880,049</u>	<u>\$ 14,930,779</u>	<u>\$ 30,110,560</u>

**4. Credit Risk**

Credit risk is the risk that a security or a portfolio will lose some or all its value due to a real or perceived change in the ability of the issuer to repay its debt. This risk is generally measured by the assignment of a rating by a nationally recognized statistical rating organization. The Plan's investment policy utilizes portfolio diversification to control this risk.

**NOTE 3 – Deposits and Investments (Continued)**H. Investments – Investment in Palm Bay Retirement System (Continued)4. Credit Risk (Continued)

The following tables disclose credit ratings by investment type, at September 30, 2024 as applicable:

Quality Rating of Credit Risk Debt Securities	Fair Value	Percentage of Portfolio
Government	\$ 28,982,454	34.1%
AAA	3,096,287	3.6%
AA+	1,429,980	1.7%
AA	322,946	0.4%
AA-	2,300,334	2.7%
A+	851,890	1.0%
A	2,023,358	2.4%
A-	5,362,904	6.3%
B-	—	0.0%
BB+	—	0.0%
BB-	42,640	0.1%
BBB+	6,645,691	7.8%
BBB	5,456,227	6.4%
BBB-	1,918,334	2.3%
CCC	—	0.0%
CCC-	—	0.0%
NR	26,578,940	31.3%
Total Credit Risk Debt Securities	\$ 56,029,531	65.9%
Total Fixed Income Securities	\$ 85,011,985	100%

5. Concentration of Credit Risk

The investment policy of the Plan contains limitations on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of plan net position at September 30, 2024.

6. Custodial Credit Risk

Deposits are exposed to custodial risk if they are uninsured and uncollateralized. Custodial risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the Plan and are held either by the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, substantially all the investments are held by Plan's custodial bank and registered in the Plan's name. All the Plan's deposits are insured and or collateralized by a financial institution separate from the Plan's depository financial institution.

7. Rate of Return

For the year ended September 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense was 18.69% for Police Officers, 17.43% for Firefighters and 26.67% for General. The money weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amount invested.

**NOTE 4 – Receivables**

The City's receivables as of September 30, 2024 are summarized as follows:

	<b>Primary Government</b>		<b>Total</b>
	<b>Governmental</b>	<b>Business-type</b>	
Accounts Receivable:			
Accounts receivable	\$ 4,110,558	\$ 13,674,921	\$ 17,785,479

Due from Other Governments	—	—	—	—	175,156	—	175,156
Governmental receivable, net	\$ 7,405,086	\$ 451	\$ 85,154	\$ 3,405	\$ 200,037	\$ 204,932	\$ 7,899,065

The City's Utilities Fund provides water, sewer and stormwater services to residents in the City. Customers routinely receive services in advance during the ordinary course of business; however, customers' deposits are available to be applied against amounts owed. Accounts receivable in the Proprietary Funds at September 30, 2024 is summarized as follows:

	<b>Business-type Activities</b>				<b>Total</b>
	<b>Utilities Fund (Major Fund)</b>	<b>Stormwater (Major Fund)</b>	<b>Solid Waste (Major Fund)</b>	<b>Building (Nonmajor Fund)</b>	
Accounts Receivable:					
Accounts receivables	\$ 5,464,056	\$ 3,761,546	\$ 1,265,622	\$ 20,304	\$ 10,511,528

Less: Allowances for uncollectibles	(70,000)	—	—	—	(70,000)
Business-type receivable, net	\$ 8,557,449	\$ 3,761,826	\$ 1,265,622	\$ 20,304	\$ 13,605,201

**NOTE 5 – Restricted Assets**

The use of certain Utilities Fund assets is restricted by specific provisions of the bond resolution authorizing the issuance of the utilities revenue and refunding bonds. In addition, the City restricts funds available for repayment of customer deposits as well as funds required to be placed in special construction accounts, as required by state statutes. Restricted assets at September 30, 2024 are as follows:

<b>Account Description:</b>	<b>Cash and Cash Equivalents</b>
Current:	
Customer Deposits	\$ 9,073,076
Total Current Restricted Assets	<u>9,073,076</u>
Noncurrent:	
Capital Projects	50,724,362
Renewal, Replacement and Improvement	5,678,812
Connection Fees	10,185,510
Debt Service Reserve	<u>1,920,000</u>
Total Noncurrent Restricted Assets	<u>68,508,684</u>
Total Restricted Assets	<u><u>\$ 77,581,760</u></u>

**NOTE 6 - Interfund Transfers, Receivables and Payables**

Individual Interfund/Intrafund transfers at September 30, 2024 are presented on the table that follows:

**NOTE 6 - Interfund Transfers, Receivables and Payables (Continued)**

The transfer of approximately \$1.5 million from Utilities to the General Fund represents annual return on investments (ROI). This amount is based on a percentage of the Utility System's total gross capital assets and is equivalent to payment in lieu of taxes (PILOT). Transfers from General Fund to the Debt Service Fund totaling \$6.7 million covers interest and principal obligations as does the transfer of \$417,315 from Impact Fees Fund. Transfers within utilities in the amount of \$20.9 million covered debt service obligations, supported capital improvement projects and maintained fund balance in accordance with established policies.

General Fund due from other funds balances consist of \$119,109 deficit coverage provided on behalf of CDBG CV- Coronavirus Fund and the NSP fund.

**NOTE 7 – Capital Assets****A. Changes in Capital Assets**

The following tables show the changes in capital assets by governmental activities and business-type activities. Governmental activities include the capital assets for the Internal Service Funds

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. For governmental activities, claims and compensated absences are generally liquidated with resources from the General Fund. It is anticipated that future discharge of net pension and postemployment benefit obligations will also be liquidated with General Fund resources.

**NOTE 8 -Long Term Debt (Continued)****B. General Obligation Bonds**

On November 6, 2018, voters approved a referendum allowing for the issuance of up to \$150 million in general obligation bonds by the City to finance roadway improvements. The bonds are direct obligations that are backed by the full faith, credit and taxing authority of the City. In the event of default, from a) failure to make legally required payment when due, b) bankruptcy, or c) default of any other covenant not cured within 30 days after written notice, any Holder of the Bonds may compel performance of all required duties. However, the right to declare principal and interest to be immediately due and payable shall not be an available remedy.

In July 2019, the City issued General Obligation Bonds, Series 2019, in the par amount of \$50 million. For the current year, \$3,526,250 in principal and interest was paid on the Series 2019 Bonds. Principal and interest remaining on the Series 2019 Bonds is \$52,922,250 with interest rates from 3% to 5%.

In February 2021, the City issued General Obligation Bonds, Series 2021, in the par amount of \$50 million. For the current year, \$3,446,150 principal and interest was paid on the Series 2021 Bonds. Principal and interest remaining on the Series 2021 Bonds is \$55,163,850, with interest rates from 2% to 5%.

In September 2023, the City issued General Obligation Bonds, Series 2023, in the amount of \$50 million. For the current fiscal year, \$1,830,007 principal and interest was paid on the Series 2023 bonds. Principal and interest remaining on the Series 2023 Bonds is \$82,138,175, with interest rates from 4% to 5%.

The following schedule represents the future debt principal and interest requirement general obligation bonds outstanding as of September 30, 2024.

Fiscal Year	General Obligation Bonds	
	Principal	Interest
2025	4,885,000	5,128,725
2026	5,130,000	4,884,475

	<u>\$ 145,909,918</u>	<u>\$ 54,034,275</u>

**C. Bonds Payable****1. Governmental Activities**

In September 2004, the City issued \$5,376,447 in special obligations bonds secured by pledged state revenue sharing monies, as defined in Chapter 218, Part II, Florida Statutes, in an amount of up to 50% of the state revenue monies received in the preceding fiscal year. Proceeds from the bonds were used to discharge the unfunded actuarial accrued pension liability of the Palm Bay Police and Firefighters Pension Plan. The bonds are payable solely from the state revenue sharing funds and are payable through 2026. In December 2016, the City partially refunded these bonds, providing \$4,013,423 in escrow to redeem principal of \$3,945,000 and interest of \$68,423 in January 2017. Total principal and interest remaining to be paid on the bonds is \$480,000.

**NOTE 8 - Long Term Debt (Continued)****C. Bonds Payable (Continued)****1. Governmental Activities (Continued)**

For the current year, principal and interest of \$210,000 was paid. State revenue sharing monies received in 2024 were \$7,325,279. The bonds are direct obligations. Resolution No. 2004-51 authorized the issuance of the special obligation bonds with provisions that in the event of default, for failure to: a) pay principal and interest; b) pay Bond Issuer; c) maintain eligibility to receive State Revenue Sharing money, d) or e) comply with covenant agreement; if not remedied or begun to remedy in 30 days, and so long as the Bond Issuer shall not be in default in its payment obligations, the Bond Insurer may waive any event of default under this Resolution and shall be deemed to be the Holder of all Bonds so secured.

The City has pledged certain designated revenues, to repay \$50,855,000 in revenue bonds issued November 2013. Proceeds from the bonds were used to a) refund the City's 2008 Series Pension Obligation Bonds and b) pay termination costs in connection with the associated interest rate SWAP agreement. The bonds are payable principally from communication service and public service tax revenues and are payable through 2040. Total principal and interest remaining to be paid on the bonds is \$1,382,434 due to a partial refunding of \$44,000,000 in December 2019. For the current year, principal and interest of \$1,405,030 was paid. Designated Revenues were \$15,768,293. The bonds contain provisions for default resulting from a) payment of interest not made when due, b) payment of principal not made when due, c) default of any other covenants, d) insolvency, e) receipt of written notice from a Credit Bank that following a drawing for the payment of interest on Bonds, the Credit Bank has not been reimbursed, or any other event of default under such reimbursement agreement. If default occurs, the Holders of not less than 25% in aggregate principal amount of Bonds then outstanding may proceed to enforce the rights of the holders, including to sue for and receive any and all amounts then due for principal, interest, or otherwise under any of the provisions, together with interest on overdue payments and all costs and expenses of collection.

The City has pledged sales tax revenues to repay \$15,375,000 in bonds issued in October 2015. The proceeds from the bonds were used to defease outstanding 2006 Sales Tax Revenue Bonds procured for the acquisition and construction of capital improvement. The bonds are payable from sales tax revenues and are payable through 2037. Principal and interest remaining on the Series 2015 bonds is \$13,173,203. For the current year, principal and interest paid was \$1,038,206. Sales tax revenues were \$8,990,425. Resolution No. 2006-45 provides that any registered owner of the Bonds may compel performance of all required duties. The City is obligated to pay the principal and interest on the Bonds and to make all reserve and other payments.

In December 2019, the City issued the Taxable Special Obligation Refunding Bonds, Series 2019, in the amount of \$51,670,000 to partially refund \$44,000,000 of the City's outstanding Taxable Special Obligation Bonds, Series 2013 and to pay associated issuance costs. The difference in cash flows required to service the old debt versus the new debt is a decrease of \$9,962,373. The economic gain resulting from the refunding is \$7,230,347. The bonds are payable principally from communication service and public service tax revenues and are payable through 2040. For the current year, principal and interest paid was \$2,201,470. Principal and interest remaining on the Series 2019 Bonds is \$65,671,247. The bonds contain provisions for default resulting from a) payment of interest not made when due, b) payment of principal not made when due, c) default of any other covenants, d) insolvency, e) receipt of written notice from a Credit Bank that, following a drawing for the payment of interest on bonds, the Credit Bank has not been reimbursed, or any other event of default under such reimbursement agreement. If default occurs, the Holders of not less than 25% in aggregate principal amount of bonds then outstanding may proceed to enforce the rights of the Holders, including to sue for and receive all amounts then due for principal, interest, or otherwise under any of the provisions, together with interest on overdue payments and all costs and expenses of collection.

**NOTE 8 - Long Term Debt (Continued)****C. Bonds Payable (Continued)****1. Governmental Activities (Continued)**

A summary of outstanding governmental revenue bonds payable at September 30, 2024 is as follows:

<b>Governmental Activities:</b>	<b>Purpose of Issue</b>	<b>Amount Issued</b>	<b>Amount Outstanding</b>	<b>Remaining Interest Rates (Percent)</b>	<b>Annual Maturity To</b>
Revenue Bonds:					
Taxable Special Obligation Bonds Series 2004	Discharging of unfunded actuarial accrued pension fund liability	\$ 5,376,447	\$ 141,861	6.020-6.040	2026
Taxable Special Obligation Bonds Series 2013	Refunding of '08 Pension Bonds and finance termination of SWAP	50,855,000	1,350,000	4.805	2025
Sales Tax Revenue Bonds Series 2015	Refunding of '06 Sales Tax Bonds	15,375,000	10,820,000	3.000-4.000	2037
Taxable Special Obligation Refunding Bonds Series 2019	Partial Refunding of 2013 Taxable Special Obligation Bonds	51,670,000	49,505,000	2.251-3.476	2041
			\$ 61,816,861		
Add: Premium			\$ 312,941		
Total Governmental Activities			<u>\$ 62,129,802</u>		

**2. Business-type Activities**

All the outstanding bonds of the Utilities Fund are secured by the water and sewer net operating revenues. In addition, mainline extension charges and water connection fees are pledged for debt coverage.

In July 2001, the City issued \$21,311,958 in Capital Improvement Revenue Bonds which were secured by pledged City water and sewer system net operating revenues, including water connection fees. Proceeds from the bonds were used to (1) finance capital improvements to the water portion of the City's Water and Wastewater System (2) pay costs and expenses related to issuance of the Series 2001 Bonds including the municipal bond insurance premium and Reserve Fund Surety Bond premium. The bonds are payable through 2031. Total principal and interest remaining to be paid on the bonds is \$13,430,278. Current year principal and interest payments were \$1,917,528. The City's net operating water and sewer revenues were \$23,673,922. Resolution No. 94-07 provides that each of the following events is an "event of default" if a) any payment of Debt Service is not made when due, b) City becomes incapable of fulfilling its obligations, c) City admits in writing its inability to pay its debts, or files for bankruptcy, or consents to the appointment of a receiver or trustee, d) City is insolvent, or is adjudged bankrupt, e) City seeks reorganization under bankruptcy, f) Default of other covenants. Upon the occurrence and continuance of any event of default, the Holders of not less than 10% in aggregate principal amount and Accreted Value of the Bonds then outstanding may enforce the rights of the Bondholders either for the specific performance of any covenant or agreement contained herein or by any power granted for the enforcement of any proper legal remedy. Upon the happening and continuance of any event of default, Holders of not less than 51% of the aggregate principal amount and Accreted Value of the Bonds then outstanding may declare the principal and Accreted Value of all Bonds then outstanding to be due and payable.

**NOTE 8 - Long Term Debt (Continued)****C. Revenue Bonds Payable (Continued)****2. Business-type Activities (Continued)**

The following is a summary of business-type activities bonds payable reflected in the City's Utilities Fund as of September 30, 2024:

<b>Business-type Activities:</b>	<b>Purpose of Issue</b>	<b>Amount Issued</b>	<b>Amount Outstanding</b>	<b>Remaining Interest Rates (Percent)</b>	<b>Annual Maturity To</b>

**E. Debt Defeasance and Advance Refunding**

The City advances, refunds and/or defeases long-term debt primarily to reduce debt service requirements. As of September 30, 2024, the City has no outstanding defeased bonds.

**NOTE 8 - Long Term Debt (Continued)**F. Notes Payable

In May 2015, the City issued a \$4,744,000 Franchise Fee Revenue Note, Series, 2015. Most of the proceeds of the Note were used to finance mitigation costs relative to the I-95 Interchange Capital Improvement Project. Remaining proceeds shall be used for transportation improvements to include a connector road to the I-95 interchange. The note matures in 2026 and bears a fixed interest rate of 2.100%. Principal and interest remaining on the Note is \$1,050,725. The total principal and interest paid during the year was \$525,848. A summary follows of Resolution No. 2015-24 list of Events of Default: a) default in the payment of principal of amortization installment, redemption premium, or interest when due, b) default in the payment of fees due any provider of a Reserve Account Insurance Policy, c) bankruptcy, d) default of any other covenant. Any Holder of Bonds may enforce performance if acceleration shall not be a remedy unless specifically provided by Supplemental Resolution. Holder(s) of Bonds in an aggregate principal amount of not less than 25% of the Bonds then outstanding may appoint a trustee to represent such Bondholders in any legal proceeding for enforcement of Bondholders rights.

In March 2016, the City issued a \$13,190,000 Utility System Revenue Refunding Note, Series 2016, to refund Utility System Capital Improvement Refunding Bonds, Series 2005B. The Note, which has a maturity date of 2024, bears a fixed interest rate of 2.200%, and is due semi-annually on March 6 and September 6. The note is secured by pledged revenues from main line extension fee revenue and water & sewer operating revenues. Principal and interest remaining on the Series 2016 Refunding Note is \$0. Total principal and interest paid on the Refunding Note during the year was \$562,100. Resolution 98-54 provides that each of the following events is an "event of default" if: a) any payment of Debt Service is not made when due, b) City becomes incapable of fulfilling its obligations, c) City admits in writing its inability to pay its debts, or files for bankruptcy, or consents to the appointment of a receiver or trustee, d) City is insolvent, or is adjudged bankrupt, e) City seeks reorganization under bankruptcy, f) Default of other covenants. Upon the occurrence and continuance of any event of default, the Holders of not less than 10% in aggregate principal amount and Accreted Value of the Bonds then outstanding may enforce the rights of the Bondholders either for the specific performance of any covenant or agreement contained herein or by any power granted for the enforcement of any proper legal remedy. Upon the happening and continuance of any event of default, Holders of not less than 51% of the aggregate principal amount and Accreted Value of the Bonds then outstanding may declare the principal and Accreted Value of all Bonds then outstanding to be due and payable.

In December 2016, the City issued \$3,983,000 in Taxable Franchise Fee Revenue Refunding Note, Series 2016. The proceeds and City contributions of \$81,518.13, were used to current refund a portion of the Taxable Special Obligation Bonds (Pension Obligation), Series 2004, and cover the costs of issuance. The Note, which has a maturity date in fiscal year 2031, bears a fixed interest rate of 4.07%, and is payable semi-annually on April 1 and October 1. Principal and interest paid on the Refunding Note during the year was \$342,273. Principal and interest remaining on the Series 2016 Refunding Note is \$3,184,613. Resolution 2015-24 defines each of the following as an "Event of Default": a) default in the payment of the principal of, Amortization Installment, redemption premium or interest when due, b) default in the payment of fees due any provider of a Reserve Account Insurance Policy, c) bankruptcy, d) default of any other covenants, and such default shall continue for a period of 30 days after written notice received from the Holders of not less than 25% of the aggregate principal amount of Bonds outstanding or the Insurer of such amount of Bonds. Any Holder of Bonds may compel the performance of all duties required.

**NOTE 8 - Long Term Debt (Continued)****F. Notes Payable (Continued)**

In February 2018, the City issued Local Option Gas Tax Revenue Note, Series 2018, in the par amount of \$9,000,000 for the construction of a connector road from Babcock Street to the new I-95 exchange and to cover costs of issuance. The note matures in October 2032 and bears a fixed interest rate of 2.71%. Principal and interest remaining on the Note totals \$6,829,299. Total principal and interest paid during the fiscal year was \$760,221. Resolution No. 2014-08 describes Events of Default as a) failure to make payments when due, b) bankruptcy, c) default of any other covenants. Notwithstanding the foregoing, the Issuer shall not be deemed in default if such default can be cured within a reasonable period of time and if the Issuer in good faith begins curative action and pursues such action until the default has been corrected. Any Holder may compel the performance of all duties required. The Holder(s) in an aggregate principal amount of not less than 25% of the obligations then outstanding may appoint a trustee to represent such Holders in any legal proceedings. During the period in which an Event of Default shall have occurred or be continuing, the Series 2018 Note shall bear interest at the "Default Rate", calculated at the greater of (i) the published Federal Reserve Bank Prime Rate plus 3%, (ii) the Federal Funds rate plus 5%, or (iii) 7% per annum; however not to exceed the maximum rate permitted by law.

On October 1, 2020, the City refunded the Public Service Tax Bonds, Series 2010, through the issuance of the Special Obligation Revenue Refunding Note, Series 2020, in the amount of \$4,258.00. Also, \$490,111 from the Debt Service Reserve Fund of the refunded bond was used as a source of funding for part of the refunding escrow deposit. In the event of default from a) nonpayment of interest when due, b) nonpayment of principal when due, c) insolvency proceedings, d) non-reimbursement of a Credit Bank, or e) default in the performance of any other covenants, then the Holders shall be entitled to sue to enforce payment. For the current year, \$258,000 in principal and \$67,827 in interest was paid. Principal and interest remaining on the 2020 Special Obligation Note is \$3,908,060.

In July 2020, the City entered into a direct borrowing for Equipment Lease/Purchase Agreement, as lessee, with Bank of America Public Capital Corp, lessor, in the amount of \$4,479,235. The purpose of the agreement is to refund Series 2018 Lease which secured equipment to be used for energy savings at City facilities. The lease matures in July 2037 and has a fixed contract rate of 2.55%. The net present value savings is \$284,315. Principal and interest remaining on the Lease is \$4,337,165. Total principal and interest paid during the fiscal year was \$270,175.

On October 29, 2020, the City issued a note in the amount of \$11,507,000 to provide funds for certain capital improvements to the City's water and sewer system and for costs of issuance. Each of the following is deemed an "event of default" if a) any payment of debt service is not made when due, b) the City is rendered incapable of fulfilling its obligations, c) files bankruptcy, d) adjudged insolvent, e) reorganization under bankruptcy laws, f) default in punctual performance of any other covenants. In the event of default, the holders of the bonds then outstanding may protect and enforce the rights of the bondholders, but the remedy of acceleration shall not be available. For the current year, \$726,000 of principal and \$171,876 in interest was paid. Principal and interest remaining on the 2020 Utility Note is \$10,215,463.

In March 2020, The City entered into two direct borrowings for Equipment Lease/Purchase Agreements, as lessee, with Bank of America Public Capital Core, lessor. The first agreement totaled \$661,884 and secured Police equipment. The lease matured in 2024 and has a contract rate of 1.6008%. Principal and interest remaining on the lease is \$0. Total principal and interest paid during the fiscal year was \$136,614. The second lease agreement secured Fire equipment in the amount of \$1,278,000. The lease matures in 2029 and has a contract rate of 1.8522%. Principal and interest remaining on the lease is \$693,050. Total principal and interest paid during the fiscal year was \$138,610.

In 2020, the City entered into a Clean Water State Revolving Loan Funding Agreement with the Florida Water Pollution Control Financing Corporation, which was reviewed by the State of Florida Department of Environmental

**NOTE 8 - Long Term Debt (Continued)****F. Notes Payable (Continued)**

Protection for funding the South Regional Water Treatment Reclamation Facility Construction project. Original project cost was \$38,938,800. The Final Loan Amendment is to be executed upon completion of project. Pledged revenues shall be the gross revenues, together with sewer impact fees, derived yearly from the operation of the water and sewer systems after payment of the operation and maintenance expense and the satisfaction of all yearly payment obligations of the senior revenue debt. The following are events of default are enumerated in the agreement: 1) failure to make monthly loan deposit or to make semi-annual loan payment when due 2) failure to comply with any covenants required by loan agreement 3) any false representation by, or on behalf of, the City contained in loan agreement, 4) an order appointing a receiver of any part of the water or sewer system or gross revenues thereof, 5) any proceeding instituted for the purpose of adjusting the claims of City's creditors if the claims are payable from water or sewer revenues, 6) bankruptcy, 7) charge of criminal violations in the implementation of the Project or the administration of the proceeds from this Loan against one or more officials of the City, 8) failure of City to give immediate written notice of knowledge of a potential default to the Department. Remedies include: 1) By mandamus, 2) Require City to account for all moneys received pursuant to this agreement and to account for the receipt, use, application, or disposition of the pledged revenues, 3) Enjoin any acts or things which may be unlawful or in violation of the rights of the Corporation or the Department, 4) Cause the appointment of a receiver to manage the water and sewer systems, 5) the Department may provide for the payment to the Trustee of the delinquent amount plus a penalty from any unobligated funds due to the City under any revenue or tax sharing fund established by the State, 6) Notifying financial market credit rating agencies and potential creditors 7) By suing for payment of amounts due, 8) By accelerating the repayment schedule or increasing the financing rate on the unpaid principal of the loan to as much as 1.667 times the financing rate. Original estimated principal amount of the loan was \$20 million. The loan service fee was estimated at \$400 thousand. Semi-annual loan payments were expected to be in the amount of \$510 thousand until the payment amount is adjusted by amendment. For the current year, no principal or interest was paid. As of September 30, 2024, the City drew down \$19,355,253 from the available funding.

The following is a summary of the City's notes payable as of September 30, 2024:

<b>Governmental Activities:</b>	<b>Purpose of Issue</b>	<b>Amount Issued</b>	<b>Amount Outstanding</b>	<b>Remaining Interest Rates (Percent)</b>	<b>Annual Maturity To</b>
Franchise Fee Revenue Note Series 2015	Financing of I-95 Interchange Mitigation costs	4,744,000	1,029,000	2.100	2026
Franchise Fee Revenue Note Series 2016	Partial Refunding of the Special Obligation Bonds, Series 2004	3,983,000	2,785,000	4.070	2031
Local Option Gas Tax Note Series 2018	Financing I-95 connector road project	9,000,000	6,061,000	2.710	2033

Total Business-type Activities			<u>\$ 9,566,000</u>		

**NOTE 8 - Long Term Debt (Continued)****G. Right of Use Lease Obligations**

The City has entered into a lease as lessee of a building. An initial lease liability was recorded in the amount of \$561,503. For the year ended September 30, 2024, the lease liability is \$361,257. The lease has an interest rate of 5.00%. The value of the right of way use asset for the year ended September 30, 2024, is \$561,503 with accumulated amortization of \$240,644.

The future minimum lease obligations and the net present value of the minimum lease payment as of September 30, 2024, is as follows:

<b>Business-Type Activities</b>			
<b>Fiscal Year</b>	<b>Principal</b>		<b>Interest</b>
2025	\$	79,368	\$ 15,864
2026		86,364	11,724
2027		93,803	7,225
2028		101,722	2,342
	\$	361,257	\$ 37,155

**H. Right of Use SBITA Obligations**

For the year ended September 30, 2024, the financial statements include the adoption of GASB Statement No. 96, Subscription-Based Information Technology Arrangements. The primary objective of this statement is to enhance the relevance and consistency of information about governments' subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset.

The City has entered into various subscription arrangements and recorded an initial subscription liability. For the year ended September 30, 2024, the subscription liability is \$4,974,835. The arrangements have interest rates ranging from 2.31% to 3.74%. The value of the right of use asset for the year ended September 30, 2024, is \$9,833,508 with accumulated amortization of \$1,640,382.

<b>Governmental Activities</b>			
<b>Fiscal Year</b>	<b>Principal</b>		<b>Interest</b>
2025	\$	603,956	\$ 122,855

**NOTE 9 – Employee Retirement Systems**

All City of Palm Bay full-time employees participate in one of two retirement plans offered by the City. Full-time employees participate in either the Palm Bay Defined Contribution Retirement Plan or the Palm Bay Defined Benefit Police and Firefighters Retirement System. In addition, the City offers elected officials' membership in the Florida Retirement System, which is a cost-sharing, multi-employer defined benefits plan. The pension expense for all pension plans was \$10,874,041 for the fiscal year ended September 30, 2024.

A. Defined Contribution Retirement Plan

The City of Palm Bay's general employees' retirement plan is a defined contribution plan administered and maintained by ICMA Retirement Corporation. The City has no fiduciary responsibility for this plan and the assets of the plan are not reported as a pension trust fund. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. All full-time general employees are eligible to participate upon employment. Effective May 1, 2001, an executive plan was established which includes the City Manager, Deputy City Managers, City Clerk, City Attorney, Deputy City Attorney and all department heads except the police and fire department chiefs who are covered under the defined benefit plan. Employer contributions are vested according to the following schedule: 20% after one year of service and 20% per year thereafter until fully vested. Contributions under the plan were established by the Plan & Trust adoption agreement with ICMA Retirement Corporation and may be amended at the City's discretion.

As of December 2010, the City modified contributions for members covered under the executive plan (executive) and general employees (general). The City contributes a base of 3.75% for executive and 3% for general, to everyone's retirement account. The employee may elect to contribute an additional percentage of their salary, between 0%-9.75% and 0%-6%, for executive and general respectively. The City will match the employee contribution.

As of August 2010, the City's contribution for NAGE Blue and White employees was modified. The employer contributes a base of 3% to everyone's retirement account. The employee may elect zero to six percent (0-6%) to contribute to their account and the City will match the employee contribution.

In fiscal year 2024, employer and employee contributions to the ICMA defined contributions plan were \$2,475,502 and \$1,656,327 respectively.

B. Defined Benefit Plan Palm Bay Police and Firefighter Plan

**Plan Description** - The City of Palm Bay maintains a single-employer defined benefit pension plan, which covers general employees, police officers and firefighters. The Plan is closed to new general employees and that

**NOTE 9 – Employee Retirement Systems (Continued)*****B. Defined Benefit Plan Palm Bay Police and Firefighter Plan (Continued)***

classification consists of retirees only. Coverage for firefighters and police officers is administered by the Board of Trustees of the City of Palm Bay Police and Firefighters Retirement System (the "Plan"). The Plan provides retirement, disability, and death benefits to plan members and beneficiaries. Benefits under the plan are established in accordance with City Ordinance No. 74-9 as amended and certain provisions of Florida Statutes Chapters 185 (Police Officers) and 175 (Firefighters).

Benefit provisions of the Plan may be amended by the City Council but may not be reduced below the minimum specified by Florida Statutes, unless the plan stops receiving 175 and 185 funds. The Plan's Board of Trustee is comprised of 5 members:

- One Chairman Board Appointee
- One Vice Chairman Police Elected Representative
- One Secretary, Fire Elected Representative
- Two City Council Appointees

The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing the Board of Trustees:

Board of Trustees of the City of Palm Bay Police and Firefighters Retirement System  
1501 Robert J. Conlan Boulevard NE, Suite 240  
Palm Bay, Florida 32905-3567 <https://www.pbpfpf.org/>

***Employees Covered*** – Based on the Actuarial Valuation Report as of October 1, 2023 the following employees were covered by the benefit terms for the Plan:

	<b>Police Officers</b>	<b>Fire Fighters</b>	<b>General Employees</b>
Inactive employees or beneficiaries currently receiving benefits	119	99	1
Inactive employees entitled to benefits but not receiving them	27	2	—
Active employees	162	122	—
<b>Total members</b>	<b>308</b>	<b>223</b>	<b>1</b>

***Benefits Provided*** - All regular full-time certified police officers and firefighters are eligible to participate in the Plan.

***Police officer members:***

Normal retirement shall be the earlier of attainment of (1) age 55, (2) completion of 30 years credited service regardless of age, (3) age 52 with 25 years of credited service (4) for police officers who are employed on or after October 1, 2006 and retire after that date, 28 years of credited service, regardless of age, or (5) for police officers who are employed on or after April 5, 2012, completion of 25 years of credited service, regardless of age. Average Final Compensation (AFC) is one and a half times the average of the highest five years of the last ten years of credited service. Payments for used leave are not included in AFC.

Each police officer member with less than 20 years of credited service will have a monthly normal retirement benefit in an amount equal to 2% of the member's AFC multiplied by the member's credited service preformed prior to June 1, 1992 and 2½% of the member's AFC multiplied by the member's credited service performed on

**NOTE 9 – Employee Retirement Systems (Continued)****B. Defined Benefit Palm Bay Police and Firefighter Plan (Continued)**

and after June 1, 1992. For members who have completed 20 years of credited service as sworn police officers, instead of the amount described in the previous sentence, the member's monthly normal retirement benefit shall be an amount equal to 3% of the member's AFC multiplied by the member's credited service plus 5% of AFC for service after 20 years to a maximum of 100% of the AFC upon completion of 28 years of service. For police officers hired after October 1, 2016, the maximum normal retirement benefit shall be 85% of average final compensation.

**Firefighter members:**

**Tier One members** - Firefighters hired prior to March 15, 2012.

Normal retirement shall be the earlier of attainment of (1) age 55, (2) completion of 25 years of credited service at 85% of AFC or 28 years regardless of age, or (3) age 52 with 25 years of credited service effective September 30, 2002. Average Final Compensation (AFC) is one and a half times the average of the highest five years of the last ten years of credited service. Payments for used leave are not included in AFC.

Each firefighter member with less than 20 years of credited service will have a monthly normal retirement benefit in an amount equal to 2% of the member's AFC multiplied by the member's credited service performed prior to October 1, 1991, and 2½% of the member's AFC multiplied by the member's credited service performed on and after October 1, 1991. For members who have completed 20 years of credited service as a firefighter, instead of the amount described in the previous sentence, the member's monthly normal retirement benefit shall be an amount equal to 3% of the member's AFC multiplied by the member's credited service plus 5% of AFC for service after 20 years to a maximum of 100% of the AFC upon completion of 28 years of service.

**Tier Two members** – Firefighters hired on or after March 12, 2012.

Normal retirement shall be the first day of the month coincident with or next following the completion of 25 years of credited regardless of age. Provided, however that a vested member who terminates prior to attaining 25 years of credited service shall be eligible for normal retirement benefits upon reaching age 55. Average Final Compensation (AFC) is one and a half times the average of the highest five years of the last ten years of credited service. Payments for unused leave are not included in AFC.

Each firefighter with less than 20 years of credited service will have a monthly normal retirement benefit in an amount equal to 2% of the member's AFC multiplied by the member's credited service. For members who have completed 20 years of credited service as a firefighter, instead of the amount described in the previous sentence, the member's monthly normal retirement benefit shall be an amount equal to 3.2% of AFC for service after 20 years to a maximum of 90% of the AFC, excluding supplemental benefits.

**Deferred Retirement Option Plan (DROP):**

Effective September 30, 2000 for police officers and September 30, 2001 for firefighters, members who continue in employment past the normal retirement date may either accrue larger pensions or freeze their accrued benefit and enter the DROP. Each participant in the DROP has an account credited monthly with benefits not received and quarterly with investment earnings net of expenses based on the Plan's earnings. The DROP is administered by the Board of Trustees. Participation in the DROP is limited to 60 months.

**Supplemental Benefits****Police officer members:**

Police officers who retire after October 1, 2006 receive a Supplemental Benefit equal to \$25 per month, times completed years of Credited Service. The benefit shall cease upon the retiree reaching age 65. Members approved for disability retirement are ineligible for the supplemental retirement benefit.

**NOTE 9 – Employee Retirement Systems (Continued)****B. Defined Benefit Palm Bay Police and Firefighter Plan (Continued)***Firefighter members:*Tier One members

Firefighters receive a Supplemental Benefit of \$189 per month payable over the life of the retiree only.

Firefighters who retire on or after October 1, 2006, receive \$458 per month, instead of \$189. Firefighters who terminate after October 1, 2007, receive a Supplemental Benefit equal to \$25 per month times years of credited service earned prior to March 15, 2012. Effective March 15, 2012, firefighters who have not attained age 55 with 10 or more years of credited service or 25 years of credited service regardless of age on that date who either terminate while vested or terminate upon reaching normal or early retirement shall receive a supplemental benefit of \$12 per month for each year of credited service. The benefit shall cease upon the retiree reaching the age of Medicare eligibility and members approved for disability retirement are ineligible for the supplemental retirement benefit.

Tier Two members

Firefighters are eligible to receive a Supplemental Benefit of \$12 per month for each year of credited service. The benefit shall commence upon entry into the DROP or upon receipt of a retirement benefit and separation from the City. This benefit shall only be payable over the life of the member, will cease upon the member reaching the age of Medicare eligibility and members approved for disability retirement are ineligible for the supplemental retirement benefit.

Cost of Living Adjustment:*Police officer members:*

The Plan provides for cost-of-living adjustment to police officers who retire or enter the DROP on or after September 30, 2000. The retirement benefits will increase by 3% each year commencing with the September 30<sup>th</sup> following three years of retirement.

*Firefighter members:*Tier One members

The Plan provides for cost-of-living adjustment to firefighters who retire or enter the DROP on or after September 30, 2001. The retirement benefits will increase by 2% each year commencing with the September 30<sup>th</sup> following six years of retirement.

Tier Two members

The cost-of-living adjustment will increase by 3% commencing with September 30<sup>th</sup> following six years of retirement.

**Contributions** - Florida Statutes, Chapters 175 and 185 require members to contribute not less than 0.5% of their annual salary. The Plan, as approved by the City Council, requires member police officers and firefighters to contribute 8.76% of their base annual salary. Funding contributions are determined annually on an actuarial basis as of October 1. The City is required to contribute at an actuarially determined amount necessary to finance current costs and amortized unfunded past service cost as provided by Florida Statute, Chapter 112. The City made contributions of \$2,761,771 to Police and \$3,277,740 to Firefighters in fiscal year 2024.

Municipalities that have established pension plans complying with the provisions of Chapters 175 and 185, Florida Statutes, and that have enacted appropriate taxing legislation are eligible to receive revenues generated from excise taxes on gross receipts of certain insurance premiums from policyholders covering property within the City limits. These are the Firefighters' Pension Fund Excise Tax imposed on the gross receipts of property insurance

**NOTE 9 – Employee Retirement Systems (Continued)*****B. Defined Benefit Palm Bay Police and Firefighter Plan (Continued)***

policy premiums and the Police Officers' Pension Fund Excise Tax imposed on the gross receipts of casualty insurance policy premiums. The City recognized as revenues and expenditures on-behalf of payment relating to pension contributions for its public safety employees by the State. These contributions from excise tax totaled \$1,482,346 for Police Officers and \$1,118,779 for Firefighters.

**Net Pension Liability (Asset)**

The City's net pension liability (asset) for The Plan is measured as the total pension liability less the pension fiduciary net position. The total pension liability, net pension liability (asset) and certain sensitivity information for each of the Plan classification is measured as of October 1, 2023. The total pension liability was rolled forward from each valuation date to the Plan's fiscal year ending September 30, 2024 using generally accepted actuarial principles. Components of the net pension liability (asset) of the City at September 30, 2024 are as follows:

	2024			
	Police	Fire	General	Total
Total pension liability	\$ 172,998,629	\$ 137,684,810	\$ 9,802	\$ 310,693,241
Plan fiduciary net pension ending	(137,292,651)	(104,351,088)	(280,538)	(241,924,277)
City's net pension liability (asset)	\$ 35,705,978	\$ 33,333,722	\$ (270,736)	\$ 68,768,964
Plan fiduciary net pension - actuarial as a percentage of the total pension liability (asset)	79.36%	75.79%	2862.05%	77.87%

**Actuarial Assumptions** - The total pension liabilities were determined by an actuarial valuation as of October 1, 2023, updated to September 30, 2024 using the following assumptions:

	Police Officers	Fire Fighters	General Employees
Valuation Date	October 1, 2023	October 1, 2023	October 1, 2023
Measurement Date	September 30, 2024	September 30, 2024	September 30, 2024
Actuarial Cost Method	Entry Age Normal Cost	Entry Age Normal Cost	Entry Age Normal Cost
Actuarial Assumptions			
Discount Rate	7.40%	7.40%	7.65%
Inflation	2.50%	2.50%	2.50%
Payroll Growth	0.00%	0.00%	N/A
Projected Salary Increase	Varies by age	Varies by age	N/A
Investment Rate of Return	7.50%	7.50%	7.65%
Mortality	PubS.H-2010	PubS.H-2010	PubS.H-2010
	Improvement Scale MP-2018	Improvement Scale MP-2018	Improvement Scale MP-2018
Service Retirement	Members will retire at a rate of 5% per year prior to normal retirement		

Mortality rates are mandated by Chapter 2015-157, Laws of Florida. The assumed rates of mortality were changed to the rates used in Milliman's July 1, 2021, FRS valuation report for special risk employees, with appropriated risk and collar adjustments made based on plan demographics.

**NOTE 9 – Employee Retirement Systems (Continued)***B. Defined Benefit Palm Bay Police and Firefighter Plan (Continued)*Actuarial Assumptions (Continued)

**Discount Rate** - The long-term expected rate of return on pension plan investments were determined using a building block method which best estimates ranges of expected future real rates of return (expected returns, net of pension investment expenses and inflation) are developed for each major asset. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2024 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Domestic Equity	35%	8.2%
Fixed Income	25%	3.3%
Real Estate	10%	5.5%
International Equity	15%	3.3%
Convertible Security	10%	6.5%
Infrastructure	5%	6.5%
	<u>100%</u>	

The discount rate used to measure the total pension liability for police and fire was 7.40%. General employees discount rate was 7.65%. The projection of cash flows used to determine the discount rate assumed the Plan member's contributions will be made at the current contribution rates and that contributions from the City will be made at statutorily required rates as actuarially determined. Based on those assumptions, the Plan's fiduciary Net Position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long term expected rate of return on pension Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 9 – Employee Retirement Systems (Continued)*****B. Defined Benefit Palm Bay Police and Firefighter Plan (Continued)***

***Changes in the Net Pension Liability (Asset)***- The changes in the Net Pension Liability (Asset) for The Plan as of the measurement date of September 30, 2024 are as follows:

	Police		
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)

***Pension Plan Fiduciary Net Pension***

Detailed information about the pension plan's fiduciary net position is available in the separately issued Police and Fire Pension Plan's financial reports.

***Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions***

For the year ended September 30, 2024, the City recognized total pension expense of \$10,865,571. At September 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Police	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 4,919,546	\$ —
Changes in assumptions	2,342,034	—
Net difference between projected and actual earning on plan investments	1,997,531	—
Total	<u>\$ 9,259,111</u>	<u>\$ —</u>

**NOTE 9 – Employee Retirement Systems (Continued)*****B. Defined Benefit Palm Bay Police and Firefighter Plan (Continued)***

**C. Florida Retirement System**

On June 5, 2008, the City passed Resolution 2008-55, authorizing participation of its elected officials in the Florida Retirement System ("FRS") administered by the State of Florida. Also approved was Resolution 2008-56 providing for membership in the FRS and authorizing execution of all necessary agreements with the administrator of the FRS for extending benefits to elected officials of the City pursuant to Chapters 112 and 121, Florida Statutes.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The reports may be obtained by writing to the State of Florida, Division of Retirement:

State of Florida Division of Retirement  
 Department of Management Services  
 P.O. Box 9000  
 Tallahassee, Florida 32315-9000  
[www.dms.myflorida.com/workforce\\_operations/retirement/publications](http://www.dms.myflorida.com/workforce_operations/retirement/publications).

**Plan Description** - The Florida Retirement System is a multiple employer cost sharing public employee retirement system, administered by the Florida Legislature. FRS is available to governmental units within Florida and provides a Deferred Retirement Option Program (DROP) for eligible employees. The Plan affords retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. In addition to the benefits, members of the Florida Retirement System are afforded benefits through the Retiree Health Insurance Subsidy (HIS) Program. HIS was established and is administered in accordance with section 112.363, Florida Statutes.

**Benefits Provided** - Benefits under the Pension Plan are computed based on age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits.

**NOTE 9 – Employee Retirement Systems (Continued)***C. Florida Retirement System (Continued)*

Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service, regardless of age for Elected Officers' class members. The final average compensation for these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is a proportion of 3.0% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3.0%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with an FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS trust Fund and accrue interest. There are no required contributions by DROP participants.

HIS membership is available to all members within the FRS. The benefit is a monthly payment to assist retirees of the state-administered retirement system in paying their health insurance costs. Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30, and the maximum payment is \$160 per month. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of eligible health insurance coverage, which includes Medicare.

**Contributions** - Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute 3.0% percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contributions rates established by the Florida Legislature. These rates are updated as of July 1 each year. The employer contribution rates for elected officials for the periods October 1, 2023 through June 30, 2024 and from July 1, 2023 through September 30, 2024, were 55.28% and 56.62% respectively. These percentages include a 2.00% contribution rate for HIS.

Article X, Section 14 of the State Constitution and Part VII, Chapter 112 of the Florida Statutes provide the authority to amend the contribution rates and obligations.

The City's contributions recognized during the fiscal year ended September 30, 2024 by FRS and HIS were \$33,279 and \$1,263 respectively.

**NOTE 9 – Employee Retirement Systems (Continued)***C. Florida Retirement System (Continued)***Pension Liabilities, Pension Expense, and Deferred Outflow of Resources and Deferred Inflows of Resources Related to Pensions**

The City's proportionate share of net pension liability, pension expense related deferrals as of September 30, 2024 are as follows:

	FRS	HIS	Total
Proportionate Share of Net Pension Liability on June 30, 2024	\$ 227,348	\$ 22,382	\$ 249,730
City's portion at June 30, 2024	0.00058769400	0.00014920500	
City's portion at June 30, 2023	0.00075009600	0.00017532600	
Change in proportion during current year	(0.00016240200)	(0.00002612100)	

For the fiscal year ended September 30, 2024, the City recognized pension expense of \$39,526. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS		TOTAL	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 22,968	\$ —	\$ 216	\$ 43	\$ 23,184	\$ 43
Change in assumptions	31,160	—	396	2,650	31,556	2,650
Change in proportion and differences between City Pension Plan contributions and proportionate share of contributions	47,755	78,052	144	5,210	47,899	83,262
City Pension Plan contributions subsequent to the measurement date	5,596	—	297	—	5,893	—
Net difference between projected actual earnings on plan investments	—	15,111	—	8	—	15,119
Total	\$ 107,479	\$ 93,163	\$ 1,053	\$ 7,911	\$ 108,532	\$ 101,074

Plan contributions made after the measurement date of the net pension liability, but before the end of the City's reporting period of September 30, 2024 are recognized as a reduction of the net pension liability in the subsequent fiscal year rather than the current fiscal year. City contributions to the Plan subsequent to the measurement date totaled \$5,893 and are included in deferred outflows of resources. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

**NOTE 9 – Employee Retirement Systems (Continued)***C. Florida Retirement System (Continued)*Pension Liabilities, Pension Expense, and Deferred Outflow of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Year ending September 30	FRS	HIS	Net Pension Expense
2024 \$	(17,729) \$	(1,366) \$	(19,095)
2025	28,158	(1,589)	26,569
2026	4,457	(1,712)	2,745
2027	(5,299)	(1,287)	(6,586)
2028	(867)	(929)	(1,796)
Thereafter	—	(272)	(272)
	<u>\$ 8,720</u>	<u>\$ (7,155)</u>	<u>\$ 1,565</u>

**Actuarial Assumptions** – Actuarial assumptions for both cost-sharing defined benefit plans were reviewed by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. Because the HIS Program is funded on a pay-as-you-go basis, no experience study was completed for that program. The actuarial assumptions used to determine the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for FRS and HIS on the July 1, 2024 actuarial valuation was determined using the following assumptions:

	FRS	HIS
Valuation Date	July 1, 2024	July 1, 2024
Measurement Date	June 30, 2024	June 30, 2024
Actuarial Cost Method	Individual Entry Age	Individual Entry Age
Actuarial Assumptions		
Discount Rate	6.70%	3.65%
Inflation	2.40%	2.40%
Projected Salary Increase	3.50%	3.50%
Investment Rate of Return	6.70%	N/A
Municipal Bond Index	N/A	3.65%
Mortality	PUB2010 base table varies by member with category & sex projected generationally with Scale MP-2018	Generational PUB-2010 with Projected Scale MP-2018

The actuarial assumptions used in the July 1, 2024 valuation was based on the results of an actuarial experience study for the period July 1, 2018 through June 20, 2023.

The following changes in key actuarial assumptions occurred in 2024:

FRS: The long-term expected rate of return and the discount rate used to determine the total pension liability of 6.70% did not change from prior year.

**NOTE 9 – Employee Retirement Systems (Continued)***C. Florida Retirement System (FRS) (Continued)*Actuarial Assumptions (Continued)

HIS: The municipal bond index rate and the discount rate used to determine the total pension of 3.65% increase from 3.54% from the prior year.

The long-term expected rate of return on Pension Plan investments were based on forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for inflation assumption. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Annual Arithmetic Return</b>	<b>Compound Annual (Geometric Return)</b>
Cash	1.00%	3.30%	3.30%
Fixed Income	29.00%	5.70%	5.60%
Global Equity	45.00%	8.60%	7.00%
Real Estate	12.00%	8.10%	6.80%
Private Equity	11.00%	12.40%	8.80%
Strategic Investments	2.00%	6.60%	6.20%
	<u>100.00%</u>		

**Discount Rate** - The discount rate used to measure the total pension liability was 6.70%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return. However, because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.54% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index).

**Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following represents the City's proportionate share of the net pension liability as of June 30, 2024 calculated using the discount rate, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

	<b>FRS Net Pension Liability</b>			<b>HIS Net Pension Liability</b>		
	1% Decrease (5.70%)	Current Discount Rate (6.70%)	1% Increase (7.70%)	1% Decrease (2.54%)	Current Discount Rate (3.54%)	1% Increase (4.54%)
Employer's proportionate share of the net pension liability	\$ 399,897	\$ 227,348	\$ 82,801	\$ 25,479	\$ 22,382	\$ 19,811

**NOTE 9 – Employee Retirement Systems (Continued)****C. Florida Retirement System (FRS) (Continued)**

Below is a summary of the net pension liability, deferred inflows and outflows of resources and pension expense for all defined pension plans:

<b>Pension Plan</b>	<b>Net Pension Liability</b>	<b>Net Pension Asset</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>	<b>Pension Expense</b>
Palm Bay Police & Fire	\$ 69,039,700	\$ 270,736	\$ 15,823,270	\$ 799,986	\$ 10,865,571
FRS (Proportionate Share)	227,348	—	107,479	93,163	7,876
HIS (Proportionate Share)	22,382	—	1,053	7,911	594
<b>Total</b>	<b>\$ 69,289,430</b>	<b>\$ 270,736</b>	<b>\$ 15,931,802</b>	<b>\$ 901,060</b>	<b>\$ 10,874,041</b>

**Pension Plan Fiduciary Net Position** - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

**D. Other Post-Employment Benefits Other Than Pensions (OPEB)**

The City follows Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for *Postemployment Benefits Other Than Pensions* ("OPEB"), for certain postemployment healthcare benefits provided by the City.

**Plan Description** - The City of Palm Bay administers an employee group medical insurance plan (the "Plan") is a single-employer plan that provides medical insurance benefits to its employees and their eligible dependents. In accordance with Section 112.0801 of the Florida Statutes, because the City provides a medical plan to active employees and their eligible dependents, the City is also required to provide retirees with the opportunity to participate in this Plan. Benefit provisions for the Plan are established and may be amended by the City Council. The retirees pay the full group premium amount for health insurance with no explicit subsidy from the City. The Plan does not issue a publicly available financial report.

**Funding Policy** - Contribution rates for the Plan are established on an annual basis. Eligible retirees and their covered dependents receiving benefits contribute 100% of their premium costs for medical insurance. While the City does not directly contribute towards the costs of retiree premiums via an explicit subsidy, the ability of retirees to obtain health insurance coverage at a group rate which includes active employees constitutes a significant economic benefit to retirees, or an "implicit" subsidy. This implicit subsidy is an, Other Post Employment Benefit (OPEB) obligation of the City and is funded by general assets on a pay-as-you-go basis since there is no Trust Fund or equivalent arrangement into which the City makes contributions. For the year ended September 30, 2024, the City estimated its subsidized contributions towards medical cost on behalf of retirees and their covered dependents to be \$331,409.

**Employees Covered by Benefit Terms** – As of October 1, 2023

the following employees were covered by the benefit terms:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	34
Active Plan Members	718
<b>Total</b>	<b>752</b>

**NOTE 9 – Employee Retirement Systems (Continued)***D. Other Post-Employment Benefits Other Than Pensions (OPEB) (Continued)*

**Total OPEB Liability** – The City's total OPEB liability of \$13,821,141 was measured as of October 1, 2023, which was determined by an actuarial valuation as of September 30, 2024.

**Significant Actuarial Assumptions and other Inputs** – The total OPEB Liability determined in the October 01, 2023 actuarial valuation used the following significant actuarial assumptions and other inputs:

Inflation	5.00%
Payroll Growth	4.00%
Discount Rate	3.75%
Healthcare Trend Rate	5.00%

Retirement Age - 100% at Normal Retirement Eligibility Date

Mortality - Florida Retirement System Mortality Table

General (non-special risk)– For female lives, 100% of the Combined Healthy White-Collar table was used. For male lives, a 50% Combined Healthy White-Collar table, 50% Healthy Blue-Collar table blend was used.

Police & Fire (special risk) - For female lives, 100% of the Combined Healthy White-Collar table was used. For male lives, a 10% Annuitant White-Collar table, 90% Annuitant Blue-Collar table blend was used.

All tables include fully generational adjustments for mortality improvements using improvement scale BB.

Discount Rate – Given the City's decision not to fund the OPEB plan, all future benefit payments were discounted using a high-quality bond rate of 3.75%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends.

Projection of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

	1% Decrease 4.75%	Current Discount Rate 3.75%	1% Increase 2.75%
Total OPEB Liability	\$ 16,782,053	\$ 13,821,142	\$ 11,599,209

***Sensitivity of the Total OPEB liability to Changes in the Healthcare Cost Trend Rates***

	1% Decrease 6.0%	Healthcare Costs Trend Rate 5.0%	1% Increase 4.0%
Total OPEB Liability	\$ 16,866,017	\$ 13,821,142	\$ 11,487,850

***OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources***

OPEB expense for the fiscal year ended September 30, 2024 was \$1,372,437. On September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB as follows:

	OPEB	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 544,946	\$ 1,674,765
Change in assumptions	1,317,156	391,390
Total	<u>\$ 1,862,102</u>	<u>\$ 2,066,155</u>

***OPEB Outflows/Inflows of Resources Schedule for Future Years:***

Deferred outflow in resources related to OPEB is a result of differences between expected and actual experience while deferred inflows reflect changes in assumptions. These deferred resources will be recognized in OPEB expense as follows:

Year ending September 30	
2025	\$ 65,337
2026	286,056
2027	(136,222)
2028	(136,222)
2029	(136,222)
2030	(73,390)
Thereafter	(73,390)
	<u>\$ (204,053)</u>

**NOTE 10 – Restricted Net Position/Fund Balance**

The City maintains several special revenue funds to account for external and internal restrictions placed on revenue sources. In addition, the City has one debt service fund which accounts for proceeds that are restricted for the repayment of bonds. A summary of restrictions that meet the criteria for restricted net position are as follows:

**Governmental Activities**Special Revenue Funds:

Law Enforcement Trust Fund	Forfeited property accounted for and used according to Federal and Florida laws	\$ 218,542
Impact Fee Funds	Levied pursuant to Florida Statutes, must be used for allowable improvements	88,084,924
Bayfront Community Redevelopment Agency	Levied pursuant to County and City Ordinance, must be used for activities of the redevelopment agency	3,036,130
SHIP	Restricted pursuant to grant agreement	498,766
Community Development Block Grant	Restricted pursuant to grant agreement	787,587
HOME	Restricted pursuant to grant agreement	83,769
Opioid Settlement	Restricted pursuant to State, must be used for prevention, treatment, and recovery efforts	285,801
		<u>92,995,519</u>

Debt Service Funds:

Debt Service Funds	Restricted pursuant to bond covenants for payment of principal and interest	6,500,257
--------------------	---	-----------

Internal Service Funds:

Employee Health Insurance Fund	Restricted pursuant FS 112.08 requiring 60 days reserve for claims as a safe-harbor regarding self-insured health plans	<u>1,800,000</u>
Pension Benefit:	Restricted to fund pension obligations	<u>270,736</u>

Total Restricted Net Position - Governmental Activities	<u><u>\$ 101,566,512</u></u>
---	------------------------------

**Business-type Activities**

Renewal and Replacement	Funds required to be placed in special construction accounts pursuant to Bond Covenants	\$ 24,326,373
Debt Service Reserve	Funds required to be placed in reserve pursuant to construction Bond Covenants	1,920,000
Building Fund	Funds required to be spent on building code activities pursuant to Section 166.222, Florida Statutes	20,573,768
Capital Improvements	Water and sewer connection fees and mainline extension charges pledged for repayment of bond debt incurred for capital expansion and system improvements	<u>26,321,559</u>
	Total Restricted Net Position - Business-type Activities	<u><u>\$ 73,141,700</u></u>

**NOTE 11 – Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; third party injuries and or property damage; information security and privacy; Law Enforcement Practices and natural disasters. The Risk Management program began on October 1, 1989. Historically under this program, the Risk Management Fund operated primarily as a self-insurance program. Maximum Fund amounts thru December 30, 2009 were as follows:

<b>Coverage</b>	<b>Self-Insured Retentions</b>
Worker's Compensation	\$350,000 each claim
General / Auto Liability	\$250,000 each claim
Theft, Disappearance & Dishonesty	\$ 25,000 each claim
Property Damage – Building	\$ 2,500 each claim
Property Damage – Auto	\$500 each claim / \$1,000 each claim (trucks)

During the first quarter of fiscal year 2010, a decision was made to transition the Worker's Compensation, General Liability and Automobile Liability lines of coverage from a self-insured program with the above-mentioned self-insured retentions, to an essentially fully insured program with no self-insured retention amounts for Worker's Compensation and Automobile Liability. General Liability covered the first \$100,000 as self-insured claims. This program was effective for all claims dated January 1, 2010 and beyond.

Beginning Fiscal year October 1, 2015, the City purchased coverage levels under which the Fund will only provide coverage as follows with self-insured retention amounts once again applying to all lines of coverage:

<b>Coverage</b>	<b>Self-Insured Retentions</b>
Worker's Compensation	\$350,000 each claim
*General / Auto Liability	\$200,000 each claim
Theft, Disappearance & Dishonesty	\$ 5,000 each claim
Property Damage – Building	\$2,500 each claim exception of "Named Storm"
Property Damage – Building	3% of Total Insured Value for "Named Storm" subject to a minimum of \$15,000 per occurrence
Property Damage – Auto	\$500 each claim

Claims exceeding the self-insured retention thresholds are under the umbrella of commercial coverage purchased by the City. Open claims for Worker's Compensation are currently administered by a third-party administrator.

\*The City is protected by Section 768.28, Florida Statutes, under the Doctrine of Sovereign Immunity, which limits the amount of liability of governmental entities for tort claims to \$200,000 per claim and \$300,000 per accident.

**NOTE 11 – Risk Management (Continued)**

All departments of the City participate in the program. Payments are made by various funds to the Risk Management Fund based on experience and actuarial estimates of the amounts needed to pay prior and current year claims. The claims liability of \$3,843,000 reported in the Risk Management Fund at September 30, 2024 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The City's claims liability at year end is actuarially determined and includes incurred but not reported losses. Prior years' liabilities are undiscounted. Changes in the fund's claim liability are as follows:

	Beginning of Fiscal Year Liability	Claims and Changes in Estimates	Less Claims Payments	Balance at Fiscal Year End
2022-2023	3,124,000	2,132,592	(2,282,592)	2,974,000
2023-2024	2,974,000	4,780,638	(3,911,638)	3,843,000

**NOTE 12 – Employee Health Insurance Benefits**

The City maintains an Employee Benefit Internal Service Fund to account for the employee health care coverage program. Beginning January 1, 2018, the City transitioned to a self-insured plan. Based on increased employee utilization of benefits, comparative analysis projected substantial cost savings to support the change. Revenues are recognized from employee payroll deductions and city contributions. The plan is evaluated on a quarterly basis by a third-party to ensure viability. As of September 30, 2024, a liability of \$912,220 has been recorded, which represents estimated claims due and unpaid and claims incurred but not reported. Changes in the first- year liability is as follows:

	Beginning of Fiscal Year Liability	Claims and Changes in Estimates	Less Claims Payments	Balance at Fiscal Year End
2022-2023	637,552	137,450	4,029	779,031
2023-2024	779,031	128,618	4,571	912,220

**NOTE 13 – Commitments and Contingencies**

**Intergovernmental Grants** – Amounts received or receivable from grantors are subject to audit and adjustment by grantor agencies, principally federal and state government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time. The City is engaging auditors to audit the grant funds as requested by the Florida Housing Finance Corporation pursuant to their required procedures. The precise amounts are not known and will depend on the outcome of the audit.

**Litigation** – The City is involved in a lawsuit related to excessive force in arrest. The City believes there is a reasonably possible chance of an unfavorable outcome, and the potential loss could be between \$2 million and \$5 million. In addition, other various suits and claims arising in the ordinary course of operations are pending against the City. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of management, upon consultation with legal counsel, the City has enough insurance coverage to cover any claims and/or the liabilities that may arise from such action. The effect of such losses would not materially affect the financial position of the City or the results of its operations.

**NOTE 13 – Commitments and Contingencies (Continued)**

Encumbrance – The City uses an encumbrance system as an extension of normal budgetary accounting for governmental funds. Under this system, purchase orders, contracts and other commitments are recorded to reserve the portion of applicable appropriations. Outstanding encumbrances at yearend are recorded as *restricted*, *committed*, or *assigned* fund balances, depending on the classification of the resources to be used to liquidate the encumbrance. Encumbrances outstanding as of September 30, 2024 are as follows:

Major Governmental Funds	
General Fund	\$ 13,713,959
ARPA Fund	8,240,506
Impact Fee Fund	7,506,067
GO Bond Road Program Fund	4,820,678
Non-major Governmental Funds	1,866,586
	<u>\$ 36,147,796</u>

**NOTE 14 – Tax Abatements**

The City provides tax abatements through the Economic Development Ad Valorem Tax Exemption Program subject to Statement No. 77, *Tax Abatement Disclosures*. It enters into tax abatement agreements with local businesses as allowed by Article VII, Section 3 of the Florida Constitution, Chapter 196.1995 F.S., and approved by voter referendum in November 1998, August 2008, and again in November 2018, and by Council Resolution No. 98-55, Ordinance No. 2007-82, Ordinance No. 2009-32, and Ordinance 2011-67. Per Florida Statute, municipalities may exempt up to 100 percent of a business' property tax bill for the purpose of attraction or expansion of businesses within its jurisdiction. The abatements may be granted to any new business or expanding existing business that meets the definition in 196.012, F.S. This statute enumerates the following eligibility criteria to be considered: number of net new full-time jobs to be created, the average wage for the new jobs, the capital investment to be made, the type of business or operation, the environmental impact, the extent to which the applicant intends to source its supplies and materials within the jurisdiction, and any other economic-related characteristics deemed necessary by Council. For the fiscal year ended September 30, 2024, the City abated property taxes totaling \$512,580 under this program.

As part of the agreement, the benefiting businesses shall submit an annual report providing evidence of continued compliance with the definition of a new or existing business planning to expand in the City for each of the ten (10) years during which the businesses are eligible to receive the ad valorem tax exemption. If the annual report is not received, or if the annual report indicates that the business no longer meets the criteria of Section 196.012 Florida Statutes, the City Manager shall make a report to the City Council for consideration of revocation of the ad valorem tax exemption. The City Council may adopt an ordinance revoking the ad valorem tax exemption. The ordinance may provide that the City Council recover any ad valorem taxes abated in favor of the business for the time that was determined that the company no longer met the criteria.

**NOTE 15 – Other Required Disclosures*****New Pronouncements***

GASB Statement No. 99 – In April 2022, GASB issued Statement No. 99, Omnibus 2022. The objective this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements and accounting and financial reporting for financial guarantees. This Statement addresses a variety of topics and includes specific provisions about the following: (1) Classification and reporting of derivative instruments within the scope of Statement No.

**NOTE 15 – Other Required Disclosures (Continued)*****New Pronouncements (Continued)***

53, Accounting and Financial Reporting for Derivative Instruments, that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument; (2) Clarification of provisions in Statement No. 87, Leases, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives; (3) Clarification of provisions in Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, related to (a) the determination of the public-private and public-public partnership (PPP) term and (b) recognition and measurement of installment payments and the transfer of the underlying PPP asset; (4) Clarification of provisions in Statement No. 96, Subscription-Based Information Technology Arrangements, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA, and recognition and measurement of a subscription liability; (5) Extension of the period during which the London Interbank Offered Rate (LIBOR) is considered an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt; (6) Accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program (SNAP); (7) Disclosures related to nonmonetary transactions; (8) Pledges of future revenues when resources are not received by the pledging government; (9) Clarification of provisions in Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, as amended, related to the focus of the government-wide financial statements; (10) Terminology updates related to certain provisions of Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position; (11) Terminology used in Statement 53 to refer to resource flows statements. The requirements related to leases, PPPs, and SBITAs took effect for financial statements starting with the fiscal year that ends June 30, 2023. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 will take effect for financial statements starting with the fiscal year that ends June 30, 2024. Management has determined that the impact of the Statement in relation to Statement 53 did not have a material effect on the City.

GASB Statement No.100 – In June 2022, GASB issued Statement No 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement is effective for fiscal year ending September 30, 2024.

***Future Accounting Pronouncements***

GASB Statement No.101 – In June 2022, GASB issued Statement No 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement is effective for fiscal year ending September 30, 2025.

GASB Statement No.102 – In December 2023, GASB issued Statement No 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.

GASB Statement No.103 – In April 2024, GASB issued Statement No 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting

**NOTE 15 – Other Required Disclosures (Continued)*****New Pronouncements (Continued)***

model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

GASB Statement No.104 – In September 2024, GASB issued Statement No 104, *Disclosure of Certain Capital Assets*. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information about certain types of capital assets in order to make informed decisions and assess accountability. Additionally, the disclosure requirements will improve consistency and comparability between governments. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025.

**Notes to Schedule**

Valuation Date 10/1/2022

Actuarially determined contributions rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rate:

Actuarial cost method	Frozen Entry Age Cost Method
Amortization method	
Remaining amortization period	30 years
Asset valuation method	
Inflation	2.50%
Salary Increase	Varies by age
Investment Rate of Return	7.50%
Retirement age	52-55
Mortality - Healthy Active & Retiree	PubS.H-2010
- Beneficiary	PubG.H-2010
	Improvement Scale MP-2018

The Covered Payroll numbers shown are in compliance with GASB 82. For fiscal years 2015 to 2018, the information was not available.

The mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The rates are outlined in Milliman's July 1, 2021, FRS valuation report for non-special-risk employees.

**Notes to Schedule:**

The following are the discount rates used in each period:

FY2024	3.75%
FY2023	3.75%
FY2022	3.75%
FY2021	3.75%
FY2020	3.75%
FY2019	3.75%
FY2018	3.90%

**Plan Assets:**

The city's OPEB obligations are funded on a pay-as-you-go basis. Assets are not accumulated in a trust that meet the criteria set forth in paragraph 4 of GASB Statement No.75 to pay related benefits.

Note: This is the seventh year of implementation for GASB 75. GASB requires information for 10 years. The City has presented information for those years for which information is available.

---

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

---

**NOTE 1 – BUDGETARY REQUIREMENTS****A. Budgetary Information**

The following procedures are used to establish the budgetary data reflected in the financial statements:

- 1) No later than August 10<sup>th</sup> of each year, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1.
- 2) Public hearings are held to obtain taxpayer comments.
- 3) Prior to October 1, the budget is legally enacted through the passage of an ordinance.
- 4) Budgets are legally adopted, and formal budgetary integration is employed as a management control device during the year for the general fund, all special revenue funds (except for the miscellaneous donations fund), all capital projects fund, and all debt service funds. The budgets adopted for the enterprise fund and internal service funds are for managerial control purposes.
- 5) Budgets for the governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 6) The City Manager is authorized to transfer part or all unencumbered appropriation balance between activities of a department within a fund; however, any revisions that alter the total appropriations of any department or fund must be approved by the City Council. The classification detail at which expenditures may not legally exceed appropriations is at the fund level. During the fiscal year ended, various appropriations were approved in accordance with this policy. Budgeted amounts shown in the financial statements are as originally adopted and as further amended.
- 7) Appropriations lapse at the close of the fiscal year.

**NONMAJOR GOVERNMENTAL FUNDS****SPECIAL REVENUE FUNDS**

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which, by law are designated to finance functions or activities of government. The City has the following nonmajor special revenue funds:

**Law Enforcement Trust** – This fund is used to account for proceeds obtained through the sale of confiscated and unclaimed property turned over to the City through court judgments. The proceeds are to be used solely for crime fighting purposes.

**Palm Bay Municipal Foundation Fund** – Established under Section 501(c)(3). This component unit was established to raise funds for charitable, educational, scientific and literary pursuits. It avails contributors to tax write-offs; and is the beneficiary of revenues generated from Red Light Camera violations.

**Code Nuisance Fund** – This fund is used to account for transactions related to properties with code violations where the owners are unwilling to abate the problems.

**SHIP Program** – This fund is used to account for proceeds received from the State for the City's State Housing Initiative Partnership (SHIP) program.

**Community Development Block Grant** – This fund is used to account for proceeds received from a Housing and Community Development Grant program for common residential improvements.

**HOME Grant** – This fund is used to account for the proceeds received from the State for the City's HOME Grant.

**Neighborhood Stabilization Program** – This fund accounts for Neighborhood Stabilization Program (NSP) transactions which is a federally funded initiative. NSP 1 authorized funding of \$5.2M to acquire and or rehabilitate up to 45 residential properties, NSP 3 authorized \$1.7M in funding for the purchase of foreclosed or abandoned homes and to rehabilitate, resell or redevelop these homes to promote equipoise in local areas. There was no adopted budget for this fund in FY24.

**Coronavirus Relief Fund** – This account is used to account for grants funds designated for citizen assistance due to COVID-19.

**CDBG CV - Coronavirus Fund** – This account is used to account for federal funding related to Community Development Block Grant (CDBG) to assist eligible residents to prepare, prevent and respond to the impact of Coronavirus.

**Opioid Settlement Fund** - This fund is used to account for proceeds received from the State from opioid settlement. There was no adopted budget for this fund in FY24.

**Special Wellness Fund** – This fund is used to account for transactions related to the City's special wellness program. There was no adopted budget for this fund in FY24.

**Miscellaneous Donations** – This fund is used to account for proceeds received as donations to the Police, Fire and Parks Departments. The City does a year-end true up of the budget. A true up was not done for this fund, so the fund was over budget in FY2024.

**Environmental Fee Fund** – This fund is used to account for transactions related to the City's Incidental Take Permit issued by the United States Fish and Wildlife Service. There was no adopted budget for this fund in FY24.

**THIS PAGE INTENTIONALLY LEFT BLANK.**

**CAPITAL PROJECTS FUNDS**

**Community Investment Fund** - This fund is used to account for financial resources earmarked for the acquisition or construction of major capital facilities or other project-oriented activities.

**I-95 Interchange Fund** - This fund is used to account for financial resources earmarked for the construction of an interchange between St. John's Heritage Parkway (Palm Bay Parkway) and Mico Road.

**Road Maintenance CIP Fund** - This fund is used to account for financial resources earmarked for the maintenance and repair of existing roadways.

**Connector Road I-95** – This fund is used to account for resources earmarked for the acquisition and construction of a connector road at the intersection of Babcock Road and the newly constructed I-95 interchange. There was no adopted budget for this fund in FY24.

**FDEM Hurricane Lap Fund** – This fund is used to account for financial resources received from the Florida Department of Emergency Management earmarked for the restabilization of shorelines damaged during Hurricane Nicole.

## INTERNAL SERVICE FUNDS

Internal Service Funds account for the financing of goods and services provided by one department or agency to other departments or agencies of the government and to other government units on a cost reimbursement basis.

**Risk Management** – This fund is used to account for the expenses incurred for workers' compensation claims, general and auto liability claims and property damage claims and the related administrative expenses to operate the City's risk management program. Revenues are generated by charges to the various departments and funds based on experience and actuarial estimates.

**Employee Benefit** – This fund is used to account for expenses incurred for insured and self-insured benefits under the City's Section 125 "cafeteria" benefits plan maintained for City employees.

**Fleet Services** – This fund is used to account for the fiscal activity related to meeting the automotive and other vehicular needs of the City. This fund purchase vehicles, maintains them and charges user departments for the vehicular usage.

## STATISTICAL SECTION

### FINANCIAL TRENDS

These schedules contain tend information to help the reader understand how the City's financial performance and condition have changed over time.

1. Net Position by Component
2. Changes in Net Position
3. Fund Balances of Governmental Funds
4. Changes in Fund Balances, Governmental Funds

### REVENUE CAPACITY

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

5. Assessed and Estimated Actual Value of Taxable Property
6. Direct and Overlapping Property Tax Rates
7. Principal Property Taxpayers
8. Property Tax Levies and Collections

### DEBT CAPACITY

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the ability to issue additional debt in the future.

9. Ratios of Outstanding Debt by Type
10. Direct and Overlapping Bonded Debt – General Obligation Bonds
11. Pledged Revenue Coverage

### DEMOGRAPHIC, ECONOMIC AND OPERATING INFORMATION

These schedules offer demographic and economic indicators in addition to service and infrastructure data to help the reader understand the environment within which the City's financial activities take place and how the information in the report relates to services provided and activities performed.

12. Demographic and Economic Statistics
13. Principal Employers in the City of Palm Bay
14. FTEs of City Government Employees by Function/Program
15. Capital Asset Statistics
16. Operating Indicators by Function/Program

### OTHER

These schedules offer additional financial information and the data required to be disclosed for the City's outstanding debt.

17. Impact Fee Revenues Collections and Balances
18. Utilities Debt Service Applicable to Transportation Projects
19. Historical Public Service Tax Collections by Category
20. Gallons of Taxable Fuel Sold Brevard County
21. Certified LOGT Revenues
22. Utility Debt Service Coverage
23. Utility Rate Comparison with Neighboring Utilities
24. Ten Largest Water and Wastewater System Customers

### ADDITIONAL NOTES

The following schedules were omitted because they do not apply to the City:

- Ratios of General Bonded Debt Outstanding
- Legal Debt Margin Information

The City has not issued General Bonded for the last (10) years. Neither the City Charter or Code, nor the Florida Statutes limit the amount of debt the City can issue, therefore tables showing the legal debt limit and debt margins are not applicable.

Note: In FY2015, the City implemented the provisions of GASB 68 Accounting and Financial Reporting for Pensions. Additionally, in FY2018 the City implemented the provision of GASB 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pension. The impact of these Statements caused a negative balance in the City's unrestricted Net Position

(1) Information could not be retrieved for years prior to 2020

(2) Started tracking in 2012- decrease in 2014 due to concentration on drainage cleaning.

In 2016, canal clearing transitioned to a more accurate GIS information tracking system. This accounts for the large variance.

In 2021, the City did not have a canal clearing contract.

(3) Recreation activities decreased in 2020 due to COVID-19.

**Note:**

Portion of project costs related to roadway restoration and drainage improvements:  
 43% for 1998 Utility Revenue Bonds  
 42% for 2003 Utility Assessment Bonds

Portion of principal for Special Assessment Bonds was prepaid in fiscal year 2006.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS and State Financial Assistance**  
**September 30, 2024****NOTE 1 - Basis of Presentation**

The accompanying schedule of expenditures of federal awards and state financial assistance (the "Schedule") includes the federal and state award activity of City of Palm Bay, Florida under programs of the federal and state governments for the year ended September 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Because the Schedule presents only a selected portion of the operations of City of Palm Bay, Florida, it is not intended to and does not present the financial position, changes in net position/fund balance, or cash flows of City of Palm Bay, Florida.

**NOTE 2 - Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**NOTE 3 - Indirect Cost Rate**

City of Palm Bay, Florida has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**THIS PAGE INTENTIONALLY LEFT BLANK.**

## **Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

### **Independent Auditor's Report**

Honorable Mayor and City Council  
City of Palm Bay, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Palm Bay, Florida (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 29, 2025. Our report includes a reference to other auditors who audited the financial statements of the Police and Firefighters' Retirement System, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated May 29, 2025.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Orlando, Florida  
May 29, 2025**

## **Report on Compliance for the Major Federal Program and the Major State Project and on Report Internal Control Over Compliance**

### **Independent Auditor's Report**

Honorable Mayor and City Council  
City of Palm Bay, Florida

### **Report on Compliance for the Major Federal Program and the Major State Project**

#### ***Opinion on the Major Federal Program and the Major State Project***

We have audited the City of Palm Bay, Florida's (the "City") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the Department of Financial Services State Projects *Compliance Supplement* that could have a direct and material effect on the major federal program and the major state project for the year ended September 30, 2024. The City's major federal program and major state project are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and major state projects for the year ended September 30, 2024.

#### ***Basis for Opinion for the Major Federal Program and the Major State Project***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General* are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

#### ***Responsibility of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and major state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rule of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control may exist that were not identified.

Honorable Mayor and City Council  
City of Palm Bay, Florida

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

## **Management Letter**

Honorable Mayor and City Council  
City of Palm Bay, Florida

### **Report on the Financial Statements**

We have audited the basic financial statements of the City of Palm Bay, Florida (the "City") as of and for the year ended September 30, 2024, and have issued our report thereon dated May 29, 2025.

#### ***Auditor's Responsibility***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General*.

#### ***Other Reporting Requirements***

We have also issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for the Major Federal Program and State Project and on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated May 29, 2025, should be considered in conjunction with this management letter.

#### ***Prior Audit Findings***

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding audit report.

#### ***Official Title and Legal Authority***

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

### ***Financial Condition and Management***

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### ***Property Assessed Clean Energy (PACE) Programs***

As required by Section 10.554(1)(i)6.a., *Rules of the Auditor General*, a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the City's geographical boundaries during the fiscal year under audit.

### ***Special District Component Units***

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicated the failure of a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific information of the Bayfront Community Redevelopment Agency (the "CRA"), a dependent district of the City of Palm Bay, Florida, that is required by Section 218.39(3)(c), Florida Statutes, and Section 10.544(1)(i)6, *Rules of the Auditor General*, is reported in the CRA's management letter for the fiscal year ended September 30, 2024.

### ***Additional Matters***

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### ***Purpose of this Letter***

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Council, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

## Independent Accountant's Report

Honorable Mayor and City Council  
City of Palm Bay, Florida

We have examined the City of Palm Bay, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2024. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.
